# 2nd Judge Hears Divorce Cases

## Big Week Ahead For Court

### County Docket Overflows

There was an extra judge on the bench in Richland county common pleas court today to help handle the flood of divorce, alimony and equity cases.

With 34 divorce and alimony cases scheduled for the week, Judge G. E. Kalbfleisch called on Judge Leland Rutherford of Morrow county to hear them while Judge Kalbfleisch handles several jury cases.

Judge Rutherford was assigned here by Chief Justice Carl V. Weygandt of the Ohio Supreme

**Judge Kalbfleisch said he requested the assigning of a judge here in order to help clear up the docket.**

He said Judge Rutherford for the rest of the week would hear alimony and divorce cases in the court of appeals room. The first of the divorce cases was filed July 25, 1947.

**JURORS CALLED**

Jurors have been called in for this week and will hear actions seeking a total of $146,800 in common pleas court before Judge Kalbfleisch.

These cases include a $75,000 personal damage suit by Sturgeon A. Gregg, of Mansfield, R. D. against the Ohio Seamless Tube company, of Shelby. This case is set for Tuesday.

**Scheduled for Wednesday is a $50,000 action brought by Mrs. Zella I. Bradley, of Warren road, on behalf of her son, against the Mansfield Rapid Transit, Inc. She contends her son was injured when a bus door opened and he fell to the pavement.**

Set for Thursday is a suit for $21,800 filed by Anna-Mae Barry, of Akron, against James Herlihy, of 117 West Fifth street, as administrator of the estate of James Herlihy, deceased. The plaintiff seeks compensation for nursing care and housework for the deceased man during a 218-week period.

## 'Ernie Would Have Wanted Us to Play'

GAMBIER — (AP) — Members of the Kenyon college basketball squad voted informally not to cancel their game with Denison university here tonight.

"We think Ernie would have wanted us to play," they said.

Ernest Ahwajee of Akron, was a member of the squad, but is now among six students missing after a dormitory fire which cost the lives of two others yesterday.

College authorities, however, overruled the squad and cancelled the game, which would have wound up Kenyon's season.

## Oleo, FEPC Measures Up For Vote

### Senate Juggles Hot Potatoes

By REED SMITH

COLUMBUS — (AP) — The legislature starts its ninth week tonight with a political hot potato in each hand.

Senators expect to vote tomorrow on the controversial question of who should color oleo —housewife or manufacturer.

**Representatives say chances are better than even that the administration backed FEPC bill may come to a vote in the house Wednesday. Attempts to delay action haven't gained much headway.**

Both proposals have been strongly supported and roundly criticized in committee hearings. Floor debate on them should be intense.

Democratic and Republican platforms supported fair employment practices legislation but no two legislators seem to agree on what an FEPC law should contain.

The measure recommended makes it unlawful labor practice to ask job applicants about their race, color, creed, national ancestry or origin. Keeping such records or firing anyone because of discrimination also is forbidden.

A fair employment practices commission (FEPC) would be created to hear complaints, violators could be fined $1,000 and jailed for a year.

Church and racial groups have supported the proposal. Business interests have opposed it.

**The oleo question poses an urban-rural tug of war. Farmers want Ohio to keep its ban on manufacture and sale of colored oleo. Urban interests say housewives shouldn't have to color oleo if they prefer it to butter.**

Senators representing both rural and urban areas probably would like to duck the oleo vote which could influence their political future.

## Two More 'Confess'

*(Compiled from Wire Dispatches)*

SOFIA — Tow additional Bulgarian protestant leaders "confessed" to charges of treason, espionage and black marketing today before a communist court in Sofia trying 15 leading churchman.

The Rev. Georgi Chernev and Rev. Lambri Mishkov enunciated their confessions in the same courtroom where three other protestant churchmen admitted their guilt last week and threw themselves on the mercy of the court.

**They pleaded to the crimes under a retroactive law passed in 1948 making it a crime to disclose even such figures as the extent of public cold storage facilities or the size of the annual fish catch.**

Rev. Chernev, head of the Pentacostal church in Bulgaria spoke monotonously and without emotion for two hours describing how he relayed letters to the American legation.

American and British authorities in Sofia have rejected all charges made by the defendants in their court recitations. They said that some of the Americans and British mentioned in testimony were not even in Bulgaria at the time the pastors said in their confessions they talked with them here.

In numerous other cases, officials said, conversations between Americans and Bulgarian pastors concerned only generalities and had nothing to do with espionage.

## Claims Evans To Wed Star

It was reported by Louella Parsons last night Sam Evans of Mansfield, and blonde actress Marilyn Maxwell, will be or already have become engaged. He is president of the Evans Pipe and Steel Supply company.

Evans, Miss Parsons said, had purchased an engagement ring for Miss Maxwell, but as to whether she has accepted it or not, still is unknown.

Miss Maxwell, who was in Mansfield with the Gene Krupa band Thursday, admitted in an interview she was looking for a husband while on her tour through the country, and had received two telegrams from Evans asking for her hand in marriage.

It was confirmed that Evans met Miss Maxwell during her one-day stay in the city.

"Evans left town immediately following a conference this morning, and it is not known when he will return," his secretary reported.

So far, the engagement has not been verified by either source.

**KILLED IN CRASH**

CLEVELAND—(AP)—Mrs. Mary Irene Lipocky, 40, of suburban Moreland Hills, a nurse's aide, was killed in a car accident yesterday.

**ROOF IN FLAMES**—These photos show fire eating into the steeple and roof of the Kenyon college dormitory which was leveled early yesterday. In the picture at right, taken first, the shingle roof is virtually gone. At left, the steeple, which housed a bell, is outlined by fire and ready to collapse. The bell was sounded to celebrate Kenyon athletic victories.—(N-J photos by Doug Chevalier.)—(Additional photos on Pages 3 and 9)

## Filibuster Battle Due

### Entire Truman Plan Threatened

WASHINGTON — (INS) — President Truman's campaign-pledge legislative program encounters a serious threat doday as the Senate opened an historic battle over filibustering.

Southern senators were poised to launch an all-out fight against an anti-filibuster proposal and the contest may go on for weeks or months while urgent domestic and foreign-aid legislation piles up.

**The President's civil rights platform and most, if not all, of his program also hinges on the outcome of the battle.**

If the Democratic leadership, with substantial GOP backing, wins its effort to extend the present gag-rule to all senate proceedings, the victory will pave the way for Mr. Truman's civil rights legislation.

But, at least two southern Democrats have hinted broadly that if the administration wrests away their filibuster weapon, the southern group may vote with the Republicans to defeat other parts of the President's program.

Senate Democratic leader Lucas, Ill., had served notice he will ask Vice-President Barkley to gag the southern debate by ruling it can be barred on petition by two-thirds of the membership on a motion to take up a bill.

## 60 Reds Held In Brussels

BRUSSELS — (UP) — At least 60 communists, including six Belgian senators and deputies, were under arrest today following an unsuccessful communist attempt to break up an outdoor speech here yesterday by Winston Churchill.

The former British prime minister had to halt his speech three times as communists among his more than 15,000 listeners broke into organized chants. But the bare-headed Churchill continued speaking in English and French as the police hustled the communists out through the crowd.

### Snow Glazes Streets, Roads

## Winter Blows Cold Breath On City

Mansfielders were dealt some cold facts on the weather today. High winds whirled snow over the city and imperiled traffic early today as February bowed out in a huff of windy fury and shivery temperatures.

Despite the fact that Sunday's mild and sunny weather gave every promise of spring, the mercury dipped to a low of 16 degrees at 9 a. m. today. The weatherman promised continued cold through Tuesday, forecasting a "lion" entrance for March.

**The Mansfield post of the state highway patrol reported roads "very slippery and dangerous" in all portions of the state except the southern counties.**

Street crews were called out at 5 a. m. to spread salt on icy intersections and main arteries of the city's street system. E. W. Davis, street superintendent, said 40 tons of salt were spread by a crew of five trucks and 15 men. School areas were given first attention then the downtown area and main streets in the residential areas.

Davis said the large quantity of salt was necessary due to the under coating of ice on every street.

**The U. S. Weather bureau said the snowstorm developed as a low pressure system from the west moved across the lakes and eastward early today to be replaced by a high pressure system of cold air.**

Temperatures were not expected to rise above the mid-twenties at most points today and a dip to about 14 degrees is forecast for tonight. Fair and cold weather is in sight for tomorrow.

Weatherman said the threat of floods from melting snowdrifts in the west was eased by the new cold spell.

**KILLED BY TRAIN**

XENIA —(INS)— Sylvia G. Miller, 48, of Osborn was killed Saturday night when struck by a New York Central railroad train near Osborn.

## Taft Hits Armed Aid

WASHINGTON — (AP) — The administration's plans to re-arm key western European countries appeared likely today to arouse more debate than the proposal to link the U. S. to a defensive regional alliance with western Europe.

Senator Taft (R-Ohio) said the sending of military equipment to the western European nations might be an invitation to Russia to start a fight, rather than an encouragement to peace.

COPENHAGEN, Denmark — (AP) — Denmark appeared lined up firmly with the west in the cold war today, and there were indications Sweden, too, is leaning in that direction.

Denmark's position on the North Atlantic Defense pact — proposed western military alliance against Russian expansion — was made clear yesterday when the country's largest political party, the social democrats, decided to look to the west for security.

**Plan Dinner Party**

CHARDON — (INS) — A golden wedding dinner party for northeastern Ohio couples wedded 50 years or more will be held on the first day of the Geauga maple festival April 1. Chardon township hostesses for the party were chosen yesterday.

## Ready For Fund Drive

### Red Cross Workers Get Campaign Data

Headquarters are being established today at the A. B. Grafton company, Park avenue west, in preparation for the opening of the annual Red Cross campaign tomorrow morning.

**Mrs. Beatrice Balyeat, of the Red Cross staff, will be in charge of the headquarters. She will be assisted by Mrs. R. W. Stevens, Mrs. Ruth Grimm and Mrs. Clarence Way. The telephone number there during the campaign period will be 4181-6.**

Daily reports will be posted at the headquarters, according to Red Cross officials. All division chairmen will report each day on their success and total receipts and from these reports a condensed analysis will be carried on the big blackboard.

Today Glenn L. Bierly, campaign chairman, was conferring with sub-chairmen and giving out last-minute instructions so that when the signal is given tomorrow morning for the initial contacts, everything will be in readiness.

Assisting Bierly as sub-chairmen are A. B. Grafton, vice campaign chairman; Frank Berkey, industry; Tom Mowry, retail; Thomas J. Wright, government and clubs; Mrs. N. J. Marion, townships; M. L. Stearns, Shelby; Mrs. Richard Risser, woman's division, and Mrs. Clyde T. Fitch, greater Mansfield.

## *Pearson Offers New Meaning For Initials*

WASHINGTON — (U.P.) — Columnist Drew Pearson wants to give President Truman's "S. O. B." remark a new meaning — "servants of brotherhood."

The President told an audience last week he wasn't going to let "any S. O. B. pick his cabinet or his staff for him. He apparently referred to recent criticism of his military aide, Maj. Gen. Harry H. Vaughan, by Pearson.

The columnist last night acknowledged that Mr Truman was aiming his remarks at him.

**"Last week," said Pearson, "brotherhood week, the President of the United States threw a name in my direction which was not meant to be brotherly."**

Then he continued: "I am going to take those initials you used, Mr. President, and use them proudly in an entirely different way.

"I would like to suggest that in the future we get away from the ugliness attached to those initials and let them mean Servants of Brotherhood."

### *Peacetime Hero Honored*

## Jumpmaster, Who Saved 36, Gets DFC

WASHINGTON — (UP) — Sgt. Robert L. Hodgkiss, the paratrooper jumpmaster who cooly directed 36 buddies to jump to safety while he stayed with a disabled plane, today received the distinguished flying cross.

The award normally is made only for service in combat of heroic nature. Gen. Omar N. Bradley, Army Chief of Staff, presented the award in his pentagon office.

Hodgkiss was jumpmaster aboard a C-82 fighter boxcar on a routine training parachute jump flight on Jan. 14 at Fort Bragg, N. C. when the plane's engines failed at extremely low altitude, he quickly directed 36 paratroopers to jump in a period of time much less than ordinarily taken.

When the 36 paratroopers were out the plane was too low for him to jump. He remained with the plane until it crashed. Miraculously, he was unhurt.

The plane burned when it crashed. Hodgkiss broke into the pilot's compartment to rescue injured and dead crew members.

The hero's wife, Mrs. Pearl Hodgkiss of Fayetteville, N. C., and his mother, Mrs. Edward Taylor of Mt. Pleasant, O., were among those present at the ceremony.

## Abandon Hope For 6 Students Missing In Fire

By DOUG CHEVALIER, News-Journal Staff Correspondent

GAMBIER—Hope was abandoned at 1 p. m. today for six students missing after the dormitory fire which claimed two lives at Kenyon college, Sunday.

Dr. Gordon K. Chalmers, the college president, said: "All sources have been checked. Their parents have been notified."

Search for the bodies was hampered by heat held since yesterday in the four-foot-thick walls of the building.

Twenty-six more students were injured in the blaze that raged more than three hours and completely gutted Old Kenyon hall, the college's oldest building. The fire broke out about 4 a. m. in "Middle Kenyon" and by 5:30 a. m. had enveloped both wings of the 122-year-old stone-and-wood structure.

The known dead are:

Edward Brout of Mt. Vernon, N. Y., 19-year-old pre-medical senior, who died at 5:30 a. m. at Mercy hospital in Mt. Vernon after failing to land on a fire escape in a jump from his third-story room.

Marc Peck, 20, of Fenton, Mich., who died at Mercy hospital at 7:30 last night from burns about the body and head.

The missing students are:

**Ernest Ahwajee of Akron, Ohio, 18-year-old sophomore and former star tennis player at Akron West High school.**

**Albert J. Lewis, 20, of Hazelton, Pa., a sophomore.**

**George Pincus, 21, of Brooklyn, N. Y., a junior.**

**Stephen Shepard, 19, New York, a freshman.**

**Colin Woodworth, 20, of Jamaica Plain, Mass., a sophomore.**

**Martin E. Mangle, 47-year-old son of a New York retail store executive.**

One of the 13 seriously injured was listed by the hospital as "critical" today. He is Jack McDonald, 19, of Hamilton.

The fire was discovered by students living in Hanna hall, a nearby dormitory. It started when sparks from a fire in the fireplace of the first-floor lounge ignited a rug, according to Mt. Vernon firemen, who answered the alarm.

The entire population of the small village of Gambier was aroused by the fire siren and townspeople combined their efforts with those of the student body left on campus to combat the blaze.

**It appeared the fire would be confined to the center section of the building in its early stages, but it swept out of control when insufficient water pressure made it impossible to stop the flames. In addition to the Mt. Vernon fire department the college fire truck, manned by students, faculty and staff, fought the conflagration.**

Manning hoselines and performing rescue work, students worked side by side with firemen from Gambier, Mt. Vernon and Danville in a vain effort to save Kenyon Hall, one of the oldest college buildings in the country.

Superintendent of Buildings and Grounds Charles Carpenter entered the burning structure as the

## New Phone Numbers Due Tuesday

### But Directories Will Arrive Late

More than 4,000 telephone number changes go into effect in Mansfield tomorrow, but delivery of the 1949 directory, scheduled for tomorrow, will be held up until further notice, company officials said.

**It will be more than six months before all of the expected number changes in the entire system can go into effect, Gustav Hirsch, company engineer said.**

Hirsch said the load on present equipment is too great to give maximum service, emphasizing the need for new equipment and new numbers. Since 1940 Mansfield has had an increase of 7,875 phones, 54 per cent.

The new number you may get tomorrow may mean your phone is connected into the new equipment. These new equipment numbers will begin with "7".

**Hirsch said that the change will make possible a greater number of phones to a greater number of people.**

"By the end of the year," telephone engineer Gustav Hirsch, said, "we expect to give people the kind of service they want, party or main line."

**Adopt Principles**

BRUSSELS, Belgium—(AP)—The council of a European movement (CEM) adopted a declaration of principles today requiring all nations taking part in the proposed union to accept doctrines set forth in the United Nations charter of human rights.

## Student Heroes Save Many Lives In Dormitory Fire

By MARGUERITE MILLER

Many lives were saved yesterday in the tragic early morning fire at Kenyon college because of the heroic efforts of fellow students.

Stories of heroism poured from the saddened community of Gambier today where the blackened hulk of Old Kenyon dormitory was searched for the bodies of six young men, still unaccounted for. Two students died as a result of burns suffered in the blaze.

None of the five Mansfield young men attending Kenyon resided in the fire-swept dormitory.

**Perhaps the most unusual story of heroism was that of Edwin Collins of Grosse Point, Mich. Collins, a weight lifter, was credited with saving the lives of two students.**

Collins jumped from the window of his second floor room to a fire escape. Hanging to the hot metal with one hand, he caught with his free hand a student who jumped from a third floor window. Collins transferred this student to the fire escape and caught another who jumped from a second story window.

Collins suffered severe burns about the face and arms.

Will Pilcher, McArthur, O., and Leon Peris, Philadelphia, the two students rescued by Collins, were not seriously hurt.

**INJURED BY WATER**

John McNaughton, Detroit, was injured when struck in the back by a stream of water from a fire hose after he had made three trips into the burning building to drag out students who had been overcome by smoke.

**Robert Parmalle, Kenyon track and swimming coach, was taken to a hospital at nearby Mt. Vernon suffering from exhaustion and shock resulting from his rescue efforts and his aid to firemen.**

Mansfield students at the college include: William J. Houk, son of Mr. and Mrs. L. S. Houk, 538 West Townview circle, a senior; George Porterfield, son of Mrs. Marie Platt, 278 West Fourth street, a sophomore; Lloyd Shawber, son of Mr. and Mrs. L. L. Shawber, 491 Marion avenue, a senior; Richard O. Davies, son of Mr. and Mrs. Howard K. Davies, 40 Bahl avenue, and Edward Loughridge, son of Mr. and Mrs. E. W. Loughridge, 521 Woodland road, freshmen.

### *White House Raps Gangsters Who Joke About Truman's Wage Scale*

THE PRESIDENT is not only miffed with but with two Hollywood clowns who featured jokes about his wages. They got calls from the White House "telling them off."

The Variety Artistes' Federation of London, which adopted a ten-year ban on all showfolks from the former enemy nations, has lifted it—except on Germans! . . . There are more screen notables on the Broadway boards than ever. . . . Billie De Angelis (a hatchick at Lindy's) has composed a tune titled "My Heart Parade."

**Media Digest for February suggests films and plays be rated by jury panels instead of critics. The results posted in lobbies. It'll never take the place of a newspaper critic's orchids or scallions.**

Gene Baylos, a click at Mother Kelly's, introduced a competitor comic. "He's an M. C.—Mental Case!" . . . Rose Murphy's unique way with a song sounds best when she's rendering the touching ditty: "Girls Were Made to Take Care of Boys."

★

"The Damon Runyon Story" book is being considered by Hollywood. . . In "It Always Rains on Sunday" the landlady is played by Gladys Hanson, the Tallulah of her time. . . Anna May Wong, rumored ill in Shanghai, must have taken an oof'ly fast boat to China. Just finished "Impact" with Brian Donlevy. Michael Strange, the former Mrs. J. Barrymore, is being urged by two recording firms to narrate The Bible. . . Alan Young doesn't need such tripe as the signoff used on Washington's Birthday: "Washington was the First Heartburn of his Country." Or does he? . . . Producer Mike Curtiz was testing actress Hanne Axmann at Warner's and told her: "You harv on occent!"

**When Elizabeth Taylor, the screen star, hit The Big Town last week her first request was to "see some of the Broadway glamour." Her newspaperman-escort took her to four of the swank "glammer spots," which closed early because they were "dying"!. . .**

That was Margie Truman joining in the chorus of "Amy" at the "Where's Charley?" show the other night. . . When Warners' re-issues "Castle on the Hudson" (with Garfield & Sheridan) it'll be the late Warden Lawes' "20,000 Years in Sing Sing". . . Show biz is easy for some folks: Mary Malone, the 23-year-old scene-stealer in "Goodbye, My Fancy," is up for the lead in three forthcoming shows. . .

McCarthy & Farrell, who broke in their act at the Waldorf's Wedgwood Room last Fall, will get a mere $5,000 at the Roxy. . . Hits like "Mr. Roberts" and "Kiss Me, Kate" will make more for the gyp ticket specs than for the producers.

Success Story: George Sanders, who inherits the star role in "Edward, My Son," was once understudy for Torin Thatcher, who has a part in that hit. John Garfield, Burgess Meredith, Dietrich, Marsha Hunt and Fonda all have bit roles in Franchot Tone's film, "Jigsaw." They obliged to help him produce his first money risk.

### *Florida Cats End Up Cross-eyed After Munching on Lizard Tails*

FLORIDA has an unusual animal feud.

I don't mean the wild wolves in Cuban shirts who prowl and howl along the sandy precincts of the Gold Coast, nor do I refer to the docile tourist sheep, bleating at $25-a-day hotel bills.

A stranger animal problem in Florida is the problem of cross-eyed house cats. And what makes them cross-eyed? Lizards do. And thereby hangs a tale:

House cats, like everything else, do well under the Florida sun. They like the climate, the soft leisurely life. And they like lizard-tail lunches.

Lizards, who were here long before house cats or Ponce De Leon, like Florida's sun, too. They like the climate. And they don't have any personal dislike for cats. But they don't look with favor on one bad habit that some dumb cats have. That is the habit of chasing and biting off their tails.

**Wise cats stretch themselves on the warm grass and let the lizards do likewise, unmolested, but dumb cats—well, they stalk a lizard and pounce on him. Usually, the lizard's long tail comes off in their jaws—and the reptile scuttles off into the shrubbery, muttering something about "damyankees."**

And if the cat is particularly dumb, what does he do? Why he sits down and eats the lizard's tail. But eating lizard tails is pretty much like eating mushrooms and toadstools. There's a whale of a difference in them. If it's one kind of lizard's tail, nothing happens. But if it is the wrong kind of lizard's tail, the tale of what follows has this ending:

The cat becomes cross-eyed. He wobbles around the yard like a drunken sailor on a shifting deck. He loses his sense of direction. It is a real cat-strophe for him.

"Veterinarinas don't seem to know just how to cure a cat in this condition," said Mrs. Polly Dickey. Her own cat was in this cross-eyed, confused state for months after eating a lizard tail.

"One experience is supposed to teach a cat never to stalk lizards again," she said. "But my pet ate two lizard tails.

"The first one was in June. He was cross-eyed until he caught the second lizard in October. After that his eyes straightened out—but he became stone deaf."

No one seems to know what happens to a cat who eats his third lizard tail. Perhaps no cat is that ignorant.

One lady whose cat came down with lizard tail indigestion paid $150 in fruitless trips to a veterinarian.

"There appears to be a poison in the lizard that affects a cat's sense of balance," said another woman. "When I held my hand over my pet's crossed eyes, it calmed down and could stand all right. But if I took my hand away and called him, he wobbled off in another direction."

What can be done about it? Well, one way would be either to teach cats more tolerance—or give them some kind of lessons in lizard identification.

**Certainly sand fleas and lizards are going to be here as long as Florida is. There would be plenty of lizards left if all the cats in Kilkenny came here and ate themselves cross-eyed.**

No one yet has come up with what may turn out to be the most interesting aspect of the whole feud. That is, what if a surly lizard rebels some day and chews off a cat's tail? Will the lizard get cross-eyed?

Only if that happens can the problems be attacked from both ends.

## FOP to Hold Rites For Lt. Taylor

### Private Ceremonial Scheduled Tonight

The solemn final rites of the Fraternal Order of Police lodge will be said at 9 p. m. today for Police Lt. William J. Taylor who died Saturda, of wounds suffered in line of duty a week before.

**The ritual will be held at the Wappner funeral home and will be conducted by Shelby Police Chief LeRoy Coffey, chaplain of the FOP, by Detective F. Bruce Friday and by Mansfield Police Lt. John E. Steele. It will be closed to the public.**

During the ritual, all Mansfield police officers will place a white carnation on the chest of Lt. Taylor, forming a cross of flowers.

Funeral services for the popular young police officer will be held Tuesday at 3 p. m. at the First Lutheran church. Rev. Carveth P. Mitchell will officiate and burial will be in Mansfield cemetery. The lieutenant's body will remain at the Wappner funeral home until Tuesday morning.

**Lt. Taylor, wounded twice in the abdomen when he attempted to disarm Robert Dilgard at an East Fourth street home on Feb. 18, died at 11:30 a. m. Saturday in General hospital.**

Today, saddened police men, who will serve as pallbearers for their former co-worker, continued to praise the ability and personality of Lt. Taylor.

"As an officer and a man they don't come any better," commented Identification Officer Paul Martin. "Lt. Taylor's ability to smile stayed with him until the end."

The city building will close at 2:30 p. m. Tuesday so that employes may attend Lt. Taylor's funeral.

## Youth Group Hears Talk

Raymond Breaker, a member of the King's Men quartet from Asbury Seminary, Wilmore, Ky., was the speaker at the Mansfield Youth for Christ Rally, Saturday night at John Simpson auditorium.

**Breaker chose as his topic "Prepare to Meet Thy God", taking his text from Amos 4:12. Other members of the quartet were Raymond Lanham, Curtis Chambers, and Karl Wright. The men presented a program of spirituals, hymns and choruses.**

A progressive quiz was held with four junior high students taking part. They included Ralph Ridenour, Carolyn Miller, Janet Smith and Barbara Stahl. Miss Smith answered the most questions correctly.

One question, which none of the four could answer, is being carried over until the March 26 meeting. A two-dollar "due bill" at Mansfield Bookery will be awarded the first contestant giving the correct answer.

### Judge Takes Oath

AKRON — (INS) — Vincent Zurz, a 42-year-old lawyer and former chief deputy of Akron's probate court, took oath today as probate judge. He was appointed to the bench last week by Gov. Frank J. Lausche to fill the vacancy created by the recent death of Dean F. May.

## Spend Busy Week End

### Firemen Called 4 Times In 2 Days

Firemen from Central and No. 2 stations were kept busy Sunday afternoon when two fires and a false alarm were turned in during a half hour.

**At 7:50 a. m. today, firemen from No. 2 station were called to the county barns on North Main street to extinguish a fire in an auto owned by E. Braggs, 66 East Sixth street. Firemen said alcohol in the car had boiled over and set fire to the wiring.**

The Sunday afternoon rush started with a grass fire call for No. 2 station at 1:55 p. m. to Averill avenue, near Geddes street. At 2:16 p. m., No. 2 station men accompanied the Central station crew to the Cleveland Grain company, North Main street where a false alarm had been turned in.

At 2:30 p. m. Central and No. 2 stations were out again to the rear of the Mongomery-Ward store on West Third street. Firemen said a fire in a rubbish box at the rear of the store probably had been started by a cigaret.

## Clay Church Scene Of Prayer Day Rite

Members of the North Richland County Council of Church Women will observe the annual World Day of Prayer at the Clay Memorial church, Friday, beginning at 10:30 a. m.

Nine churches will join in prayer and worship services during the day and hear Mrs. I. E. Oberholtzer tell of her missionary experiences. A sack luncheon will be served at noon and coffee will be provided by the women of the Clay Memorial church.

Miss Mary Gramly of the Oakland Lutheran church, is president of the council.

## Barber Shop Singers Plan Minstrel Show

Plans for its annual minstrel show will be taken up at a meeting of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., Tuesday at 7:30 p. m., Ralph Hughes, Secretary, announced.

The meeting will be held in the North Lake park pavilion. This year's minstrel show will be the second one put on by the group and will be staged April 19, 20 and 21.

## *McGregor Asks Cut In Withholding Tax*

A bill to reduce the amount of withholding tax on wages to 10 per cent was introduced in congress today by Congressman J. Harry McGregor, representative from the 17th Ohio district, which includes Richland county.

The average wage-earner's withholding tax now amounts to slightly more than 10 per cent. On higher bracket salaries it is considerably more than that.

McGregor said the proposed bill would reduce the number of federal employes handling income tax refunds by several thousand.

**In 1946 there were 49,457,661 individuals who received refunds on federal income tax, McGregor said. These refunds represented $2,261,308,206. In 1947 there were 33,231,882 individuals who received refunds on federal income tax, and the amount of money involved was $1,712,345,040.**

McGregor contends that these 33,231,882 refund cases can be reduced by approximately 50 per cent if a smaller percentage is withheld from individual wages at source of income. There would be no loss of revenue whatsoever if McGregor's bill becomes law, but there would be a definite decrease in the amount of paper work required in the offices of internal revenue, the congressman said.

**Much unnecessary work could be avoided with the result of saving money for the taxpayer, he added. McGregor is attempting to secure a "balance point" so that income taxes withheld will approximately equal the actual income taxes due the federal government, he said.**

In many instances, under the existing law, the government must enter into involved correspondence, which is both costly and inconvenient to the taxpayer, the congressman explained. This bill would in no way decrease the amount of revenue collected by the government under the existing program, he said.

**DOUBLE SINGING**

It's a difficult feat to sing in two places at the same time, but Robert Marshall, New York artist, who comes to Ohio March 11 to sing with the Mastersingers at Zanesville, will be doing just that. A concert which Marshall broadcasts Sunday, March 6, with Gertrude Ribla over the Mutual network will be recorded and given again at 9:30 p. m. March 11, about the time Marshall will be singing at Zanesville. He will sing with the Sylvan Levin Opera concert in a duet with Gertrude Ribla, Metropoliton dramatic soprano, and in two solos. The concert on March 6 will be given at 2 p.m.

## John Lauer Dies at 92

John Lauer, 92, died early Sunday morning at the home of his daughter, Mrs. Rose Tamblyn, 153 Bowman street, after an extended illness.

**Born in Mansfield June 22, 1856, Mr. Lauer had spent the great part of his life in this community. He was a retired molder. Mr. Lauer was a member of the Venus Lodge No. 152, F. and AM, Mansfield Chapter No. 28, Mansfield Council No. 94 and the Eagles lodge.**

Surviving, besides the daughter with whom he made his home, are another daughter, Mrs. F. V. Olds of Dormont, Pa., a son, Frank H. Lauer of Mansfield; a grandson, Dr. Malcolm Hawk of California and two great-grandchildren.

Services will be held at the Wappner funeral home at 3 p.m Wednesday with Rev. C. A. Portz, pastor of the St. Mark's Lutheran church, officiating. Burial will be in the Mansfield cemetery.

## Driver Held After Mishap

CHARLES N. Wilson, 77, of Crestline, involved in a two-car collision yesterday at Cline avenue and Wood street, was arrested by police for failing to yield the right-of-way and cited to appear in municipal court Wednesday at 9:30 a. m.

Police said Wilson, traveling south on Wood street, failed to stop at the intersection and struck a car driven by Edward R. Zediker, 31, of 201½ East Second street. Zediker was traveling west on Cline, officers said.

The collision caused Wilson's car to skid approximately 25 feet and turn over on its side at the southwest corner of the intersection. Wilson escaped injury.

## Sheriff Clears Up Break-In

### Pair Entered 38 Schools

Looting of the safe at Lexington high school when $150 was taken last Jan. 10 has been solved with the arrest of Dwight Cherry, 51, Saturday at Zanesville.

Sheriff E. P. Long said Cherry admited yesterday that he burglarized the Lexington school safe by breaking off the combination with a hammer and punch.

**Zanesville police reported that Cherry, an ex-convict, boasted today that he had looted safes in 38 Ohio and Indiana communities since he was paroled from prison in 1944. Cherry's home is in Zanesville.**

Detective Robert Snelling of Zanesville said he expected Cherry to confess to other "jobs" and estimated the loot at $75,000 to $100,000.

Cherry and Robert J. Kennedy, 21, of Mt. Vernon, have confessed breaking into safes in seven towns, Snelling said. The communities were Shreve, Big Prairie, Hayesville, Danville, and Granville, O., and Rushville and Martinsville, Ind.

Long, who went to Zanesville yesterday to question the two suspects, said Cherry confessed he staged the Lexington burglary alone.

**MET ESCAPERS**

The sheriff said Cherry recalled the night of the burglary, since he met four reformatory escapers that same night in a field near the high school. The four escapers have since been captured and sentenced to the penitentiary.

Cherry, who usually traveled by bus, used a hammer and punch that he obtained in the janitor's office in the Lexington school, he said. After completing the looting job, he went to the cafeteria and fried some hamburgers.

**Sheriff M. F. Rickenbrod of Ashland county, said the Perrysville school burglary on Feb. 10 when $40 was taken from the superintendent's desk has been cleared up with Cherdy's arrest. The Hayesville school job also was cleared up. No money was obtained there, Rickenbrod said.**

Zanesville police today listed 31 additional cities in which Cherry operated. They were Red Key, Ind., and the following Ohio communities:

Newcomerstown, Pleasant Hill, Bradford, Jackson Center, Mount Sterling, East Liberty, Leipsic, Lakeview, Cridersville, McConnelsville, Chandlersville, Greenfield, Coshocton, Quincy, Yellow Springs, Twin City, Pickaway, Round Head, Fredericktown, Rushsylvania, McGuffey, Botkins, Ada, North Lewisburg, Milford, Waynesville, Tipp City, Zanesville, Hebron and Hillsboro.

Hubert Taylor, 26, of Columbus, also is being held. He admitted that he assisted Cherry in a $500 robbery of the Hebron high school last Jan. 31, Capt. Snelling said.

Charges have not been filed against any of the three.

Cherry served a 10-year prison sentence for an armed robbery at Mount Vernon.

## Illness Fatal To Guy Stevick

Guy Sidney Stevick, 75, of 272 Marion avenue, died at People's hospital this morning after a three month illness.

Mr. Stevick was born Sept. 18, 1873 in Lucas and had spent his entire life in this vicinity. He had served as a harness maker for several firms in Mansfield but retired several years ago.

Surviving are a sister, Mrs. Harman Zediker of Lucas; four nieces and four nephews.

The body is at the Wappner funeral home where services will be held at 1 p. m. Thursday. Burial will be in the IOOF cemetery at Lucas. Friends may call at the funeral home Tuesday evening. Rev. Charles F. Sheriff will officiate at services.

## Tax Revenue Lags 7 Per Cent Under '48

Sale of prepaid tax stamps showed a decrease in Richland county for the week ended Feb. 12, from the corresponding week in 1948, according to the state treasurer's latest report.

Stamp sales totaled $21,112.29 in that week while receipts shwoed $21,925.95 for the corresponding week in 1948. Sales tax revenue in the county is running about seven per cent under receipts at this time last year.

# Heilman and Haley Repeat In City Bowling Meet

## Radler and Hughes Take Other Titles

Doubles and singles competition was completed in the 1949 men's city handicap bowling tournament yesterday on the Richland alleys with a pair of last year's kings still on the throne.

Becoming the only "repeater" of the tourney was the doubles team of Carl "Farmer" Heilman and Bart Haley which held out against the final day onslaught of Frank Radler and S. Forsythe. Heilman and Haley had fired 1269 last week to top the 1253 posted yesterday by Radler and Forsythe.

New king of the singles division is Lloyd Hughes whose 666 of last week held out. Homer Bottomley's first week score of 665 was second while Radler swept into third with 664. Other changes in singles included H. Anderson, sixth with 644; Hal LeMunyon, seventh with 641, and Dale Cleckner, tied for tenth with 632.

**GOOD PRIZE SHARE**

Cleckner, the Richland bowling manager, took himself down a good share of prize money as he also was fourth in the doubles and third in all-events scores. In doubles, he teamed with Gene Rudolph for a 1243 total, while his all-events score including that rolled with the Miller's Hi-Life team total 1855.

**Radler took over the all-events lead with 1897.**

Other changes in doubles in the final session included 1223 by Bob Lynch and Phil Warga, seventh place; 1207 by H. Freese and Dale McCullough, ninth, and a 1198 by C. Ludwig and J. Rhodes, tenth.

**OAK PARK 7TH.**

One new group appeared in the five-man team listings. Oak Park Tavern's B league team took over seventh place with 2938. The Richland A league quintet of the same sponsor had already rolled into fourth spot with 2960.

Showing the way for Oak Park yesterday was Win Cleckner, who scattered the maples for 218-180-215—36—649. The 36 pins are given as a handicap. Other scores of the Oak Park quintet included E. Robertson, 642; M. Rohal, 575; R. Stevens, 554, and George Gump, 520.

## Colony Alleys Win 2 Games In Pin Match

Mansfield Colony alleys yesterday took two of three games from Delaware Kingman's in a Central Ohio Ladies league bowling match on the Palace Recreation alleys in Coshocton.

The Colony team trails Newark Housing and Mt. Vernon Grammacs in the standings. Yesterday, Grammacs took two of three from Ashland while Newark was idle. In the other match, Coshocton defeated the Zanesville Jewelers, two of three.

Mansfield bowlers took down individual honors as Sue Humphrey had a 166-171-208—545 and Donna Schuster, 212. Mary Garver and Reba Siler of the Ashland quintet had 516 and 509. Grammac had the high team count of 2,394 and Colony a single game of 839.

The Colony team defeated Ashland Brad and Chuck's in an exhibition match Saturday night in three straight games. Humphrey had a 497 for Mansfield and Siler 496 for Ashland.

★

Only one honor roll score was chalked up as John Takos had 168-214-226—608 in the Mansfield Tire Owl league. Jess Graham was second with 168-234-170—572.

Others: J. Leathers, 568; C. McMillen, 567; Paul Lee, 546; E. Weakland, 537 and Tony Holzmiller, 531.

## Ezzard Charles Rated Even With Cleveland Cutie

CINCINNATI — (UP) — Ezzard Charles, the Cincinnati clouter who aspires to the heavyweight crown, was no better than even money tonight as he put his title hopes on the line against Joey Maxim, the Cleveland cutie, in the first fight to be held at new Cincinnati gardens.

A surprising lack of money backing Charles was noticeable with most bookies and the fight was quoted at 6 to 5, "take your pick."

Regardless of the result of the bout, its financial success was assured. The ticket sale indicated that a sell-out crowd of 15,000 would pack the brand-new arena for an expected gate of $75,000.

## Two Pro Teams Have to Decide

COLUMBUS — (AP) — President Frank Colley of the Ohio-Indiana baseball league said Zanesville, O., and Richmond, Ind., have until midnight tonight to say definitely whether they will take part in the 1949 season.

Lima, Newark, Marion, Portsmouth, Springfield, O., and Muncie, Ind., will have teams this coming season.

## Bellville Draws Favored Salem Quintet, Ontario to Battle Forest In District

By CHARLEY STINE

BUCYRUS — Bellville drew top-seeded Salem and Ontario was paired with Forest of Hardin county in drawings for the Class B district tournament made here yesterday.

Ontario will play at 7:30 p. m. Wednesday while the Richland county champs are scheduled to appear at 8:45 Thursday. All games of the two week tournament will be played in the Bucyrus high school gym.

Salem, undefeated in 23 starts, has the best record of any team in the tournament. It swept to the Wyandot county league and tournament championship, although having only 20 boys in the school.

The team was runner-up in the district last year, losing out to Marseilles in the finals.

Ontario's opponent, Forest, comes into the tournament with a 13-4 record and the Hardin county title. One of the team's four losses was a two-pointer to Salem.

Forest drew Ontario after the Warriors were seeded fourth on the basis of their 15-3 record.

The tournament will open at 8 p. m. Tuesday when Sycamore of Wyandot county (14-10) meets Mt. Cory, Hancock county (13-2). Others pairings are:

Wednesday — Forest vs. Ontario, 7:30 p. m.; New Riegel (Seneca county) (15-5) vs. Ridgeway (Hardin county) (17-6).

Thursday — Leesville (Crawford county) (16-7) vs. Sandusky St. Mary's, (Fremont protest tournament runner-up), 7:30 p. m.; Bellville vs. Salem, 8:45.

Friday — New Washington (Crawford county) (16-7) vs. Sycamore-Mt. Cory winner, 7:45; Attica, (Seneca county) (19-3) vs. New-Riegel-Ridgeway winner, 8:45.

Saturday — Forest-Ontario winner vs. Leesville-St. Mary's winner, 7:45 p. m.; McComb, Hancock county (10-14) vs. Bellville-Salem winner, 8:45 p. m.

Semi-finals will be played Friday March 11 and finals Saturday March 12, Bellville and Ontario are in opposite brackets.

Winner of the tournament will advance to the Toledo regional the following week along with the winner of district tournaments at Fremont, Celina and Leipsic.

Tickets for the tournament were distributed on an equal basis to all schools, approximately 200 each going to Bellville and Ontario. They will be available at the schools on a first come-first served basis.

The Bucyrus gym is equipped with theater-type seats and tournament manager F. E. Stewart was emphatic in declaring that only 900 tickets will be sold to correspond with the seating capacity. Everyone who has a ticket will be assured of a seat, he said.

Doors will open one hour before the first game each night. Ticket windows to sell the approximately 100 remaining seats will open 15 minutes later after advance ticket holders get choice seats.

## Favored Bucyrus Quintet Also Tops In Statistics

Favored Bucyrus not only boasts the best season record but has the highest offensive and defense marks of all teams in the Class A sectional tournament, statistics revealed today.

The Redmen rate the honor of opening the joust here at 8 p. m. tomorrow night against Madison high.

Bucyrus has won 15 games and lost one, building up an average of more than 17 points over each opponent. Bucyrus has averaged 56.9 to its opponent's 39.3. It has scored less points than Senior high but the Tygers have been in 20 ball games against the Redmen's 16.

**SECOND BEST**

Shelby has the second best defensive mark, 41.5 but has scored only 34.0 itself. Senior high has 49.9 against 43.2.

Top individual scorer is Senior

## Ashland Cage Five Triumphs

MASSILLON — The Ashland Myers Pump basketball team won the Massillon Gold Medal basketball tournament championship here late Saturday night.

The Ashland cagers defeated Cuyahoga Falls Ewart Ohlson Machines, 75 to 53. Ashland was the top seeded team in the tourney and led by quarters, 21 to 11, 39 to 24 and 57 to 32.

In semi-final games, Ashland turned back Akron Norka Plating, 83 to 80 and Cuyahoga Falls won over the Massillon Merchants, 64 to 63. Myers averaged 77 points in four tournament games, having previously beaten New Philadelphia J. N. G. Grills and Rittman Boxboard.

## Jenkins Faces Tough Ring Foe

PHILADELPHIA — (AP) — Former lightweight champion Lew Jenkins faces the toughest battle of his ring comeback tonight when he squares off for a scheduled 10 rounds of action young Percy Bassett.

The 32- year -old Jenkins of Sweetwater, Tex., will be pitting his experience and tremendous punching power against a 20- year- old featherweight who has won 27 of 28 professional fights. Actually Bassett has licked every man he has ever fought in the ring since he reversed his only defeat at the hands of Brown Lee.

### Cage Tryouts

Candidates for the Amvets teen-age basketball team will workout Tuesday at 8 p. m. and Wednesday at 7 p. m. at the YMCA. Youngsters who do not reach their 17th birthday this year are elegible.

## New Legion Ball Prexy Is Chosen

SHELBY—Walter Cron, Shelby, was elected fifth District chairman of the American Legion junior baseball program yesterday afternoon at a meeting of the group at Norwalk.

Plans for this year call for four sectional leagues with the leading two teams in each league on July 4 going to the district tournament. The winner of the district tournament will go to the state tournament. Mansfield won the 1949 district title and reached the state finals.

Cron has been active with the Legion activities of the Shelby O'Brien Post 326 for many years.

## Illini Basketballers Can Clinch Share

CHICAGO — (UP) — Illinois' raging basketball team, never far from first place throughout the big nine race this season, was only one victory away today from clinching at least a share of the conference title.

The Illini get their first chance to grab a piece of the crown tonight, entertaining Indiana at Champaign in the headline league game. Iowa travels to Wisconsin in the second conference clash.

## Third Boxing Show Scheduled Tonight

All arrangements were being completed today for the third Friendly House amateur boxing card of the season scheduled to come off at the Colby-Earick showrooms at 8:15 p. m. tonight.

The regulation boxing ring was to be moved from the Friendly House and approximately 500 seats set up around it.

Jack Seckinger, 146-pound Marion youth who has fought here a number of times is slated to meet Willy Eisen, 147, of Cleveland, in the five-round main event. Eight other bouts, an exhibition, and a battle royal are on the slate.

**TOP TUSSLE**

Five Friendly House boys will meet out-of-town opponents in the fight. One of the best scraps is expected to be the semi-final between Don Esbenshade, 158, and Dick Butler, of Cleveland, 160. Esbenshade was named the outstanding fighter of the Friendly House tournament in which he won the middleweight championship.

Red Mathias of Galion and Jess Boiner, Cleveland, will tangle in the only heavyweight match. All bouts except the main event are limited to three rounds.

Officials for the program were announced today by Friendly House Athletic Director Mike Wentz. Paul Carbetta will referee with Sam Morgan, Paul Elliott and Coonie Miller serving as judges. James Brownscombe will be ring announcer and Paul Snyder, timekeeper.

Doors open at 7 p. m. and a limited number of reserved seats will be on sale at that time.

WANTS FIRST KAYO — Still looking for his first knockout after 19 amateur fights is Billy Eberhardt, 135-pound Friendly House boxer. He will meet Tom McGinty of Cleveland, also 135 pounds, in the sixth bout on tonight's card. Eberhardt has won 15 fights and lost four, all by decisions — (News-Journal Staff Photo).

## Cary Middlecoff Wins Rio Grande Valley Golf Open

HARLINGEN, TEX. — (AP) — Handsome Cary Middlecoff, who left a career in dentistry for golf's tournament trail, nears the end of his trial period pretty well convinced that he won't have to return to the business of extracting teeth.

In March of 1947 when the Memphis, Tenn., links star turned professional, he said he'd make the tournament circuit two years and if at the end of that time he was convinced he could not be one of the top three players in the country he would return to the dental profession.

Yesterday, the tall, black-haired 28-year-old won the $10,000 Rio Grande valley open with a 17-under par 267 for 72 holes. It boosted Middlecoff to fourth place among the money-winners of golf.

Closing out in second place was big Bob Hamilton of Landover, Md., who shot a 68 on his final round and had a 72-hole total of 269. E. J. Harrison of Little Rock wound up third with 270.

## Cleveland Barons Pick Up Ground

*(By United Press)*

Time was running out on the Cleveland Barons today, but last year's Calder cup champions haven't yet given up hopes for a second straight title.

The Barons, with only 10 games remaining on their schedule, helped their own cause greatly last night when they whipped the Indianapolis Capitols, 5 to 1, at Indianapolis. The Barons, still tied with Pittsburgh for second, are now only three points bheind first place Indianapolis.

## 'Hall of Fame' Plans Started

SPRINGFIELD, Mass — (AP) — Plans are underway for a national basketball hall of fame to honor the man who originated the game here in 1891.

Dr. James Naismith started the hoop game when given an assignment to develop a new sport for students of Springfield college. At first it was played with nine men on a side and real peach baskets for goals. The baskets had to be tipped upside down to get the ball out after each score.

Plans for the Springfield College Memorial building have been announced by Edward Hickok, a former basketball coach at the college and a member of its advisory board.

He said the hall would be modeled after baseball's hall of fame at Cooperstown, N. Y.

## Gold Medal Tournament Set to Open

Four teams from the original 26 will fall in the opening round of the Gold Medal basketball tournament set for tonight in Senior high school gym.

The Ontario Vets will go against the Independents in the 6:45 lid-lifter. American Veterans Committee will meet the Bellville Athletic club an hour later, Lucas Vets will play First Methodist and Richland Beverage tangles with the Shelby Merchants in concluding games.

The tournament will run for two weeks with all games after tonight being played at Johnny Appleseed junior high gym. Second set of four contests will be played Thursday. Finals are listed for March 14.

The tourney is single elimination and will be concluded with the awarding of over 100 team and individual trophies.

## Buck Cagers Finish Home Slate Tonight

COLUMBUS—(UP)—The Ohio State University basketball team winds up its home season here tonight against Michigan State.

The Bucks have won 12 and lost seven.

Michigan state invades the Buckeye territory with only nine wins out of 20 starts. The Spartans own only one western conference victory—that against Iowa.

The Bucks' final game of the season will be against Depaul next Saturday in the Chicago stadium.

The Bucks closed their big nine season with a .500 record by defeating Michigan 69-44 here Saturday night.

The win broke a three-game conference losing streak for the Buckeye cagers and gave the Scarlet team the distinction of having beaten two of the three top teams in the circuit—Michigan and Minnesota.

## Nagle Elected Alumni Prexy

Rich Nagle yesterday was elected the first president of newly formed Alumni "M" association at a meeting at the YMCA.

Other officers are: John Fike, vice-president and public relations director and Earl Massa, secretary-treasurer. All officers will serve until September.

Members of the constitution committee are: Joe Consentino, Pate Raler and Bob Sipes. The group, composed of former Tyger letter winners, will meet every other Sunday. The next meeting is scheduled for March 13.

## Tribe Oldsters Take It Easy

TUCSON, Ariz., — (AP) — As the world champion Cleveland Indians prepare to open spring training here tomorrow, manager Lou Boudreau let it be known he wouldn't be too tough on the oldtimers.

The rookies and the newcomers will see most of the exhibition action and heavy work, while the veterans round into condition somewhat less strenuously.

Speaking for himself, an oldster who'll hit 32 next summer, and for Ken Keltner, 32, Mickey Vernon, 31, and Joe Gordon, 34, the shortstop manager said:

"We'll be doing well enough to play the whole season, let alone 38 straight days of exhibition games. As long as we've go new fellows to fill in, especially those whom I'd like to take a look at, the rest of us will take it easy."

Besides his thirtyish infield, Boudreau intends to use catcher Jim Hegan lightly on the grapefruit circuit. Hegan, says Boudreau, is "still young (29) and strong, but I don't want to use him any more than I have to so as to avoid injuries.

"The others — Gordon, Keltner, Vernon and myself, will need as much strength as possible when the season gets underway. I don't mean that we may not be able to go another full season. I think all of us can, but it would be wise to take it as easy as possible at the start."

Boudreau said he believed the Indians had been strengthened more than their chief rivals in the winter trading, then added:

"But I look for a lot of trouble from Boston. I would say that the Red Sox will give us more headaches than the Yankees, although New York will be mighty tough if Frank Shea and Joe Page return to form."

# HELP THROUGH THE RED CROSS

## Subscribe March 1st to March 15th

HURRICANE

THE AMERICAN NATIONAL RED CROSS was founded as a channel through which neighborly spirit might find expression in the relief of human suffering—across the street—across the nation—across the world.

## Mission I—Disaster

Last year, through the Red Cross, help and hope were given to victims of 303 domestic disasters. Relief and rehabilitation assistance totaling $12,171,022 was provided for more than 300,000 people. Immediate assistance included food, clothing, shelter, and medical and nursing care. The long-term aid provided continuing medical and nursing care; rebuilding or repairing homes; replacing household furnishings, farm equipment and livestock.

## Mission II—Serving Armed Forces

During the past year alone, Red Cross chapters assisted in 768,000 cases concerning service men and their families. They provided more than $3,000,000 in financial aid. In military hospitals, Red Cross volunteers relieved the dreary monotony of hospital life and provided medically approved recreation. Continuing help in personal and family problems will be offered to the increasing numbers in the armed forces.

## Mission III—Serving Veterans

For the men in veterans' hospitals—the Red Cross is a constant reminder that the outside world remembers them. Chapter Home Service last year, assisted more than 1,700,000 veterans and their families—and provided financial aid amounting to $5,624,000. Through Red Cross representatives in Veterans' Administration offices, more than a million veterans' claims were handled.

## Mission IV—Health and Safety

**National Blood Program:** Through the Red Cross many lives were saved and much suffering relieved by the National Blood Program. Eighteen regional programs and one statewide mobile unit service are open, with the participation of more than 370 chapters serving at least 600 hospitals. Blood plasma and other fractions valued at $17,000,000, were distributed by the Red Cross, without cost, to the nation's physicians through State health departments.

## The Quality of Mercy...

Our finest moments have been moments of the heart and the spirit.

A boy has wept for his dog. A woman has ministered to the sick. A man has gone hungry that another might eat.

*The quality of mercy.*

*That* is the something in people which has made it possible for your Red Cross to carry on its missions of mercy year after year.

*The quality of mercy.*

*That* is the something in you which will tell you now to help others next year—through your Red Cross.

**You, too, can help through Your RED CROSS**

**Give Now!**

**First Aid, Water Safety, Accident Prevention:** Through the Red Cross more than 17 million people have been trained in First Aid, Water Safety and Accident Prevention since the programs were inaugurated. Each year thousands of lives are saved because Red Cross has given life-saving knowledge to boys and girls and men and women throughout the country.

**Nursing Services:** Red Cross Nursing Services last year taught over 124,000 men and women home nursing skills; instructed nurse's aides; helped many communities meet emergency needs through its enrollment of nurses for disasters and epidemics. In 75 of the year's Red Cross disaster operations sixteen hundred and twenty-one nurses served 10,738 days.

## Mission V—Serving Youth

The American Junior Red Cross is the largest youth service group in the world. It has an enrollment of over 19,400,000. It carries out projects in hospitals, orphanages and other institutions. It provides assistance to children in other lands. During the school year 1947-48 more than a half-million packages of school and health supplies were sent by Junior Red Cross to children in war-torn lands.

Through College Activities, students on 738 college and university campuses participated in Red Cross chapter activities, serving as adult members of the Red Cross in part or all of its programs.

## Mission VI—Helping Around World

The American Red Cross plays a vital international role—to help in easing human suffering wherever it exists; to demonstrate the interest of the American people in the continued welfare of foreign peoples; to strengthen and make more effective the national and international agencies of the worldwide Red Cross organization; to make the Red Cross an ever greater force for unity and peace in the world.

## Volunteer Services

Through Red Cross Volunteer Services, many thousands of specially trained men and women all over America gave more than 12,500,000 hours of service last year and will continue to give their time, their efforts, themselves, to help make their communities, their country and their world a better place in which to live.

# Mexican Baseball League to Open With Eight Clubs

MEXICO CITY — (AP) — The reorganized Mexican baseball league will open its season March 25 with eight clubs instead of six as in the last two years.

Tomas De La Cruz, Cuban who once pitched for the Cincinnati Reds, will manage Jalisco, a new entry. Other new clubs are Nuevo Laredo, Torreon and Aguila De Vera Cruz Remaining in the circuit are Mexico City, Vera Cruz, San Louis Potosi and Monterrey Dropping out were Tampico and Puebla.

Napoleon Reyes, Cuban ex-infielder of the New York Giants, will manage Mexico City.

Dr. Eduardo Quijano is the new president of the league. Jorge Pasquel, who resigned last year, retains an interest in several of the clubs. Each club is limited to five foreign players. Last season the limit was nine.

### QUESTION!

Can You Find a New Bungalow in the Southwest Priced at Less Than $9,500?

We certainly can. It's difficult, yet we have not just one, but two. Attractive frame bungalows with, full basements and hardwood floors. Each has a mighty fine location in the Southwest section. Each has living room, combined kitchen and dinette, 2 bedrooms and bath on first floor. You can buy either one at a bargain price, and obtain immediate possession. "Exclusive listings." HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

## Adopted Son Contests Will

CLEVELAND—(AP)—Russell B Mann, 35, stationed with the U. S. Navy in Alaska, has filed a suit to contest the will of the late Auverne S. Mann into whose home he was brought at seven years of age as an adopted son.

Mann, eccentric Cleveland Heights attorney, died last April at 73, leaving an estate valued at $116,932. His son, who was bequeathed $5,000 in bonds, claims Mann was not competent to make the will.

**FICHTER IMPROVES**

HAMILTON—(AP)—Fort Hamilton hospital yesterday reported a slight improvement in the condition of Joseph W. Fichter, 54, of Oxford, Ohio state grange master. Fichter was injured in an automobile accident near Eaton, Friday.

## *Early U. S. Papers to Go On Exhibition*

An enlarged reproduction of what is said to be the only certified, official copy of the Articles of Confederation in existence, will be on display in the lobby of the Richland Trust company as the another in the series of Freedom Train documents shown here.

The exhibit was placed in the lobby beginning today and may be seen there for the succeeding two weeks. The accompanying description with the articles says that Dr. Benjamin Franklin and Silas Deane sent this particular copy to the King of Prussia in an effort to interest him in entering into a treaty of friendship and commerce with the United States.

Although the two colonists sent this document to the king in 1777, it did not really become a law in this country until March 1, 1781. However, the explanation says, this fact did not deter Dr. Franklin and Deane from entering into trade negotiations with Prussia.

The complete historical background and reproduction are one of the series of 26 documents from the Freedom Train which will be exhibited at the bank. It was sent to the Freedom Train by Philip H Rosenbach, one of America's foremost collectors of Americana.

**LEGAL NOTICE**

George J. Froehlich, whose last known place of residence and mailing address was Fourth Street, Pass-a-Grill Beach, Florida, will take notice that Viola R. Froehlich has filed suit against him in the Court of Common Pleas of Richland County, Ohio, praying for divorce and other proper relief on grounds set forth in the petition, and said cause will be for hearing on or anytime after April 15, 1949. Case No. 31060.

GEORGE W BIDDLE,
Attorney for Plaintiff.

**LEGAL NOTICE**

Probate Court of Richland County, Ohio.

To: Nelson Arthur Stalker, place of residence unknown, last known address Denver, Colorado.

You are hereby notified that on the 4th day of February, 1949, petitions for the adoption of Susan Pauline Stalker, who was born on the 30th day of October, 1945, at Mansfield, Ohio, being Case No. 1089, and for the adoption of Linda Kay Stalker, who was born on the 25th day of April, 1944, at Mansfield, Ohio, being Case No. 1090, were filed in the Probate Court of Richland County, Ohio, and that the hearings on said petitions will be had before the Judge of said Court on the 18th day of March, 1949, at 10:$$ o'clock a. m.

It is alleged in said petitions that you, as father of said children, have wilfully failed to properly support and maintain said children for a period of more than two years immediately preceding the filing of said petitions.

S. H. CRAMER,
Probate Judge.

## 2nd Judge Hears Divorce Cases

### Big Week Ahead For Court

#### County Docket Overflows

There was an extra judge on the bench in Richland county common pleas court today to help handle the flood of divorce, alimony and equity cases.

With 34 divorce and alimony cases scheduled for the week, Judge G. E. Kalbfleisch called on Judge Leland Rutherford of Morrow county to hear them while Judge Kalbfleisch handles several jury cases.

Judge Rutherford was assigned here by Chief Justice Carl V. Weygandt of the Ohio Supreme

**Judge Kalbfleisch said he requested the assigning of a judge here in order to help clear up the docket.**

He said Judge Rutherford for the rest of the week would hear alimony and divorce cases in the court of appeals room. The first of the divorce cases was filed July 25, 1947.

**JURORS CALLED**

Jurors have been called in for this week and will hear actions seeking a total of $146,800 in common pleas court before Judge Kalbfleisch.

These cases include a $75,000 personal damage suit by Sturgeon A. Gregg, of Mansfield, R. D. against the Ohio Seamless Tube company, of Shelby. This case is set for Tuesday.

**Scheduled for Wednesday is a $50,000 action brought by Mrs. Zella I. Bradley, of Warren road, on behalf of her son, against the Mansfield Rapid Transit, Inc. She contends her son was injured when a bus door opened and he fell to the pavement.**

Set for Thursday is a suit for $21,800 filed by Anna Mae Barry, of Akron, against James Herlihy, of 117 West Fifth street, as administrator of the estate of James Herlihy, deceased. The plaintiff seeks compensation for nursing care and housework for the deceased man during a 218-week period.

### Two More 'Confess'

*(Compiled from Wire Dispatches)*

SOFIA — Tow additional Bulgarian protestant leaders "confessed" to charges of treason, espionage and black marketing today before a communist court in Sofia trying 15 leading churchman.

The Rev. Georgi Chernev and Rev. Lambri Mishkov enunciated their confessions in the same courtroom where three other protestant churchmen admitted their guilt last week and threw themselves on the mercy of the court.

**They pleaded to the crimes under a retroactive law passed in 1948 making it a crime to disclose even such figures as the extent of public cold storage facilities or the size of the annual fish catch.**

Rev. Chernev, head of the Pentacostal church in Bulgaria spoke monotonously and without emotion for two hours describing how he relayed letters to the American legation.

American and British authorities in Sofia have rejected all charges made by the defendants in their court recitations. They said that some of the Americans and British mentioned in testimony were not even in Bulgaria at the time the pastors said in their confessions they talked with them here.

In numerous other cases, officials said, conversations between Americans and Bulgarian pastors concerned only generalities and had nothing to do with espionage.

### 'Ernie Would Have Wanted Us to Play'

GAMBIER — (AP) — Members of the Kenyon college basketball squad voted informally not to cancel their game with Denison university here tonight.

"We think Ernie would have wanted us to play," they said.

Ernest Ahwajee of Akron, was a member of the squad, but is now among six students missing after a dormitory fire which cost the lives of two others yesterday.

College authorities, however, overruled the squad and cancelled the game, which would have wound up Kenyon's season.

### Oleo, FEPC Measures Up For Vote

#### Senate Juggles Hot Potatoes

By REED SMITH

COLUMBUS — (AP) — The legislature starts its ninth week tonight with a political hot potato in each hand.

Senators expect to vote tomorrow on the controversial question of who should color oleo —housewife or manufacturer.

**Representatives say chances are better than even that the administration backed FEPC bill may come to a vote in the house Wednesday. Attempts to delay action haven't gained much headway.**

Both proposals have been strongly supported and roundly criticized in committee hearings. Floor debate on them should be intense.

Democratic and Republican platforms supported fair employment practices legislation but no two legislators seem to agree on what an FEPC law should contain.

The measure recommended makes it unlawful labor practice to ask job applicants about their race, color, creed, national ancestry or origin. Keeping such records or firing anyone because of discrimination also is forbidden.

A fair employment practices commission (FEPC) would be created to hear complaints, violators could be fined $1,000 and jailed for a year.

Church and racial groups have supported the proposal. Business interests have opposed it.

**The oleo question poses an urban-rural tug of war. Farmers want Ohio to keep its ban on manufacture and sale of colored oleo. Urban interests say housewives shouldn't have to color oleo if they prefer it to butter.**

Senators representing both rural and urban areas probably would like to duck the oleo vote which could influence their political future.

### Claims Evans To Wed Star

It was reported by Louella Parsons last night Sam Evans of Mansfield, and blonde actress Marilyn Maxwell, will be or already have become engaged. He is president of the Evans Pipe and Steel Supply company.

Evans, Miss Parsons said, had purchased an engagement ring for Miss Maxwell, but as to whether she has accepted it or not, still is unknown.

Miss Maxwell, who was in Mansfield with the Gene Krupa band Thursday, admitted in an interview she was looking for a husband while on her tour through the country, and had received two telegrams from Evans asking for her hand in marriage.

It was confirmed that Evans met Miss Maxwell during her one-day stay in the city.

"Evans left town immediately following a conference this morning, and it is not known when he will return," his secretary reported.

So far, the engagement has not been verified by either source.

**KILLED IN CRASH**

CLEVELAND—(AP)—Mrs. Mary Irene Lipocky, 40, of suburban Moreland Hills, a nurse's aide, was killed in a car accident yesterday.

**ROOF IN FLAMES**—These photos show fire eating into the steeple and roof of the Kenyon college dormitory which was leveled early yesterday. In the picture at right, taken first, the shingle roof is virtually gone. At left, the steeple, which housed a bell, is outlined by fire and ready to collapse. The bell was sounded to celebrate Kenyon athletic victories.—(N-J photos by Doug Chevalier.)—(Additional photos on Pages 3 and 9)

### Filibuster Battle Due

#### Entire Truman Plan Threatened

WASHINGTON — (INS) — President Truman's campaign-pledge legislative program encounters a serious threat today as the Senate opened an historic battle over filibustering.

Southern senators were poised to launch an all-out fight against an anti-filibuster proposal and the contest may go on for weeks or months while urgent domestic and foreign-aid legislation piles up.

**The President's civil rights platform and most, if not all, of his program also hinges on the outcome of the battle.**

If the Democratic leadership, with substantial GOP backing, wins its effort to extend the present gag-rule to all senate proceedings, the victory will pave the way for Mr. Truman's civil rights legislation.

But, at least two southern Democrats have hinted broadly that if the administration wrests away their filibuster weapon, the southern group may vote with the Republicans to defeat other parts of the President's program.

Senate Democratic leader Lucas, Ill., had served notice he will ask Vice-President Barkley to gag the southern debate by ruling it can be barred on petition by two-thirds of the membership on a motion to take up a bill.

### 60 Reds Held In Brussels

BRUSSELS — (UP) — At least 60 communists, including six Belgian senators and deputies, were under arrest today following an unsuccessful communist attempt to break up an outdoor speech here yesterday by Winston Churchill.

The former British prime minister had to halt his speech three times as communists among his more than 15,000 listeners broke into organized chants. But the bare-headed Churchill continued speaking in English and French as the police hustled the communists out through the crowd.

#### Snow Glazes Streets, Roads

### Winter Blows Cold Breath On City

Mansfielders were dealt some cold facts on the weather today. High winds whirled snow over the city and imperiled traffic early today as February blowed out in a huff of windy fury and shivery temperatures.

Despite the fact that Sunday's mild and sunny weather gave every promise of spring, the mercury dipped to a low of 16 degrees at 9 a. m. today. The weatherman promised continued cold through Tuesday, forecasting a "lion" entrance for March.

**The Mansfield post of the state highway patrol reported roads "very slippery and dangerous" in all portions of the state except the southern counties.**

Street crews were called out at 5 a. m. to spread salt on icy intersections and main arteries of the city's street system. E. W. Davis, street superintendent, said 40 tons of salt were spread by a crew of five trucks and 15 men. School areas were given first attention then the downtown area and main streets in the residential areas.

Davis said the large quantity of salt was necessary due to the under coating of ice on every street.

**The U. S. Weather bureau said the snowstorm developed as a low pressure system from the west moved across the lakes and eastward early today to be replaced by a high pressure system of cold air.**

Temperatures were not expected to rise above the mid-twenties at most points today and a dip to about 14 degrees is forecast for tonight. Fair and cold weather is in sight for tomorrow.

Weatherman said the threat of floods from melting snowdrifts in the west was eased by the new cold spell.

### Taft Hits Armed Aid

WASHINGTON — (AP) — The administration's plans to re-arm key western European countries appeared likely today to arouse more debate than the proposal to link the U. S. to a defensive regional alliance with western Europe.

Senator Taft (R.-Ohio) said the sending of military equipment to the western European nations might be an invitation to Russia to start a fight rather than an encouragement to peace.

COPENHAGEN, Denmark — (AP) — Denmark appeared lined up firmly with the west in the cold war today, and there were indications Sweden, too, is leaning in that direction.

Denmark's position on the North Atlantic Defense pact — proposed western military alliance against Russian expansion — was made clear yesterday when the country's largest political party, the social democrats, decided to look to the west for security.

#### Red Cross Workers Get Campaign Data

Headquarters are being established today at the A. B. Grafton company, Park avenue west, in preparation for the opening of the annual Red Cross campaign tomorrow morning.

**Mrs. Beatrice Balyeat, of the Red Cross staff, will be in charge of the headquarters. She will be assisted by Mrs. R. W. Stevens, Mrs. Ruth Grimm and Mrs. Clarence Way. The telephone number there during the campaign period will be 4181-6.**

Daily reports will be posted at the headquarters, according to Red Cross officials. All division chairmen will report each day on their success and total receipts and from these reports a condensed analysis will be carried on the big blackboard.

Today Glenn L. Bierly, campaign chairman, was conferring with sub-chairmen and giving out last-minute instructions so that when the signal is given tomorrow morning for the initial contacts, everything will be in readiness.

Assisting Bierly as sub-chairmen are A. B. Grafton, vice campaign chairman; Frank Berkey, industry; Tom Mowry, retail; Thomas J. Wright, government and clubs; Mrs. N. J. Marion, townships; M. L. Stearns, Shelby; Mrs. Richard Risser, woman's division, and Mrs. Clyde T. Fitch, greater Mansfield.

### Pearson Offers New Meaning For Initials

WASHINGTON — (UP) — Columnist Drew Pearson wants to give President Truman's "S. O. B." remark a new meaning — "servants of brotherhood."

The President told an audience last week he wasn't going to let "any S. O. B. pick his cabinet or his staff for him. He apparently referred to recent criticism of his military aide, Maj. Gen. Harry H. Vaughan, by Pearson.

The columnist last night acknowledged that Mr Truman was aiming his remarks at him.

**"Last week," said Pearson, "brotherhood week, the President of the United States threw a name in my direction which was not meant to be brotherly."**

Then he continued: "I am going to take those initials you used, Mr. President, and use them proudly in an entirely different way.

"I would like to suggest that in the future we get away from the ugliness attached to those initials and let them mean Servants of Brotherhood."

#### *Peacetime Hero Honored*

### Jumpmaster, Who Saved 36, Gets DFC

WASHINGTON — (UP) — Sgt. Robert L. Hodgkiss, the paratrooper jumpmaster who cooly directed 36 buddies to jump to safety while he stayed with a disabled plane, today received the distinguished flying cross.

The award normally is made only for service in combat of heroic nature. Gen. Omar N. Bradley, Army Chief of Staff, presented the award in his pentagon office.

Hodgkiss was jumpmaster aboard a C-82 fighter boxcar on a routine training parachute jump flight on Jan. 14 at Fort Bragg, N. C. when the plane's engines failed at extremely low altitude, he quickly directed 36 paratroopers to jump in a period of time much less than ordinarily taken.

When the 36 paratroopers were out the plane was too low for him to jump. He remained with the plane until it crashed. Miraculously, he was unhurt.

The plane burned when it crashed. Hodgkiss broke into the pilot's compartment to rescue injured and dead crew members.

The hero's wife, Mrs. Pearl Hodgkiss of Fayetteville, N. C., and his mother, Mrs. Edward Taylor of Mt. Pleasant, O., were among those present at the ceremony.

### Abandon Hope For 6 Students Missing In Fire

By DOUG CHEVALIER, News-Journal Staff Correspondent

GAMBIER—Hope was abandoned at 1 p. m. today for six students missing after the dormitory fire which claimed two lives at Kenyon college, Sunday.

Dr. Gordon K. Chalmers, the college president, said: "All sources have been checked. Their parents have been notified."

Search for the bodies was hampered by heat held since yesterday in the four-foot-thick walls of the building.

Twenty-six more students were injured in the blaze that raged more than three hours and completely gutted Old Kenyon hall, the college's oldest building. The fire broke out about 4 a. m. in "Middle Kenyon" and by 5:30 a. m. had enveloped both wings of the 122-year-old stone-and-wood structure.

The known dead are:

Edward Brout of Mt. Vernon, N. Y., 19-year-old pre-medical senior, who died at 5:30 a. m. at Mercy hospital in Mt. Vernon after failing to land on a fire escape in a jump from his third-story room.

Marc Peck, 20, of Fenton, Mich., who died at Mercy hospital at 7:30 last night from burns about the body and head.

The missing students are:

**Ernest Ahwajee of Akron, Ohio, 18-year-old sophomore and former star tennis player at Akron West High school.**

**Albert J. Lewis, 20, of Hazelton, Pa., a sophomore.**

**George Pincus, 21, of Brooklyn, N. Y., a junior.**

**Stephen Shepard, 19, New York, a freshman.**

**Colin Woodworth, 20, of Jamaica Plain, Mass., a sophomore.**

**Martin E. Mangle, 17-year-old son of a New York retail store executive.**

One of the 13 seriously injured was listed by the hospital as "critical" today. He is Jack McDonald, 19, of Hamilton.

The fire was discovered by students living in Hanna hall, a nearby dormitory. It started when sparks from a fire in the fireplace of the first-floor lounge ignited a rug, according to Mt. Vernon firemen, who answered the alarm.

The entire population of the small village of Gambier was aroused by the fire siren and townspeople combined their efforts with those of the student body left on campus to combat the blaze.

**It appeared the fire would be confined to the center section of the building in its early stages, but it swept out of control when insufficient water pressure made it impossible to stop the flames. In addition to the Mt. Vernon fire department the college fire truck, manned by students, faculty and staff, fought the conflagration.**

Manning hoselines and performing rescue work, students worked side by side with firemen from Gambier, Mt. Vernon and Danville in a vain effort to save Kenyon Hall, one of the oldest college buildings in the country.

Superintendent of Buildings and Grounds Charles Carpenter entered the burning structure as the

### New Phone Numbers Due Tuesday

#### But Directories Will Arrive Late

More than 4,000 telephone number changes go into effect in Mansfield tomorrow, but delivery of the 1949 directory, scheduled for tomorrow, will be held up until further notice, company officials said.

**It will be more than six months before all of the expected number changes in the entire system can go into effect, Gustav Hirsch, company engineer said.**

Hirsch said the load on present equipment is too great to give maximum service, emphasizing the need for new equipment and new numbers. Since 1940 Mansfield has had an increase of 7,875 phones, 54 per cent.

The new number you may get tomorrow may mean your phone is connected into the new equipment. These new equipment numbers will begin with "7".

**Hirsch said that the change will make possible a greater number of phones to a greater number of people.**

"By the end of the year," telephone engineer Gustav Hirsch, said, "we expect to give people the kind of service they want, party or main line."

**Adopt Principles**

BRUSSELS, Belgium—(AP)—The council of a European movement (CEM) adopted a declaration of principles today requiring all nations taking part in the proposed union to accept doctrines set forth in the United Nations charter of human rights.

### Student Heroes Save Many Lives In Dormitory Fire

By MARGUERITE MILLER

Many lives were saved yesterday in the tragic early morning fire at Kenyon college because of the heroic efforts of fellow students.

Stories of heroism poured from the saddened community of Gambier today where the blackened hulk of Old Kenyon dormitory was searched for the bodies of six young men, still unaccounted for. Two students died as a result of burns suffered in the blaze.

None of the five Mansfield young men attending Kenyon resided in the fire-swept dormitory.

**Perhaps the most unusual story of heroism was that of Edwin Collins of Grosse Point, Mich. Collins, a weight lifter, was credited with saving the lives of two students.**

Collins jumped from the window of his second floor room to a fire escape. Hanging to the hot metal with one hand, he caught with his free hand a student who jumped from a third floor window. Collins transferred this student to the fire escape and caught another who jumped from a second story window.

Collins suffered severe burns about the face and arms.

Will Pilcher, McArthur, O., and Leon Peris, Philadelphia, the two students rescued by Collins, were not seriously hurt.

**INJURED BY WATER**

John McNaughton, Detroit, was injured when struck in the back by a stream of water from a fire hose after he had made three trips into the burning building to drag out students who had been overcome by smoke.

**Robert Parmalle, Kenyon track and swimming coach, was taken to a hospital at nearby Mt. Vernon suffering from exhaustion and shock resulting from his rescue efforts and his aid to firemen.**

Mansfield students at the college include: William J. Houk, son of Mr. and Mrs. L. S. Houk, 538 West Townview circle, a senior; George Porterfield, son of Mrs. Marie Platt, 278 West Fourth street, a sophomore; Lloyd Shawber, son of Mr. and Mrs. L. L. Shawber, 491 Marion avenue, a senior; Richard O. Davies, son of Mr. and Mrs. Howard K. Davies, 40 Bahl avenue, and Edward Loughridge, son of Mr. and Mrs. E. W. Loughridge, 521 Woodland road, freshmen.

# Naked Killer Mowed Down By Police In Doorway Battle

## Shooting Climaxes Manhunt

### Suspect Admits Part In Murders

PHOENIX, ARIZ. — (INS) — A posse early today killed a murder suspect who stood naked in the doorway of a Phoenix auto camp cabin and shot it out with 25 policemen.

**The death of Billy Ray Gilbert, 28, brought to a dramatic end a three-state manhunt for the killers of three persons in Needles, California, on Thursday.**

Some 15 hours earlier the posse, led by bloodhounds, arrested George Schmid, 21, near the Grand canal in Phoenix. Schmid, who surrendered timidly, allegedly admitted that he and Gilbert were guilty of the Needles murders.

Police received a tip that Gilbert was hiding in the auto camp. Armed with rifles, machineguns and revolvers they surrounded the cabin and ordered:

"Come out with your hands over your heads."

Gilbert's answer was a volley of shots fired through the ventilator of the cabin. Patrolman Ed. Langvin was wounded badly. The posse blasted the cottage with a fusillade of bullets.

Suddenly the cabin door opened. Gilbert appeared naked, his pistol blazing at his attackers.

He was mowed down instantly.

**Schmid was captured at dawn yesterday. He was haggard and hungry, but armed. He was quoted as telling his captors: "I'm glad it's all over. I'm tired and hungry. I don't know when I ate last and I haven't slept since the thing happened."**

Authorities in California, Nevada and Arizona launched the search for the youthful pair after the bodies of a young Needles city employe and his wife, Mr. and Mrs. Ernest Winstead, and a neighbor, William Pugh, 70, were found near Needles Thursday.

They had been murdered, officials said because Winstead noticed that Gilbert was packing a gun and called him on it.

Police stated that information was given by Schmid and by pretty brunette Florence Chisholm, 31, a Phoenix riding academy employe who was kidnaped by the two men.

Miss Chisholm escaped Friday night in Scottsdale, a Phoenix suburb.

Schmid told police:

"Billy killed them. I only fired one shot."

fire ate through the first floor ceiling. He ran through the hallways, routing students in the upper floors.

**HAMPERS FIREMEN**

Lack of water hampered firemen, who participated for the most part in removing victims overcome by smoke and carrying out furnishings and personal effects.

A call for blood donors for the injured was sent out immediately. Several carloads of students dashed to the nearby hospitals and offered their services.

An investigation to determine the cause of the fire was begun last night by the state fire marshal. He said, however, that nothing indicated arson.

**As the fire spread from the center of the building to the wings students trapped in their rooms jumped from second and third story windows to a tennis court in the rear of the dormitory.**

Brout, the first casualty, died of a fractured skull which he sustained when his head struck the fire escape he was attempting to reach. After striking the steel frame he dropped three stories to the ground. His roommate, Saul L. Sanders, of Mt Vernon, N. Y., was successful in his leap from the room to the fire escape.

**ROUSE FRIENDS**

Many of the students on the injury list received injuries when they dashed into the burning building to arouse friends on the upper floors. Acts of heroism were common during the height of the rescue operations.

At a convocation of students yesterday afternoon the identities of the missing men were established. Dr. Gordon Keith Chalmers, Kenyon's president, announced the procedure by which the gutted dormitory's residents would be clothed and housed. Affidavits from students were taken in an attempt to find out when the missing men were last seen.

**There was no panic during the blaze and Chalmers commended the students for their behavior and the way they helped each other. About 75 students were temporarily housed in other dormitories and private homes.**

Firemen said the students in the buildings' two wings managed to save their personal belongings but that those in the central section where the fire started lost everything.

Gambier was the scene of intense activity all day yesterday as frantic parents arrived to determine the whereabouts of their sons. Thousands of sightseers streamed in to view the remains of the historic structure.

Mount Vernon's telephone system went on emergency status as thousands of calls choked the lines. Outgoing calls were limited to those pertaining to the fire. Traffic jammed the village streets, and the State Highway patrol put men on 24-hour duty to keep the traffic moving.

Today Mt. Vernon merchants offered gifts of clothing, shaving cream, toothpaste, and other items to men who had lost all their personal belongings in the fire.

## *Testify In Gifford Case*

ATHENS—(UP)—The first of at least 18 witnesses today went before the Athens county grand jury to tell what information they had concerning the murder of Miss Eleanor Gifford, 52-year-old church worker, Jan. 3.

Subpenaes for 18 witnesses were signed by Atty. Gen. Herbert S. Duffy, who entered the case last Monday at the request of Gov. Frank J. Lausche. The governor intervened at request of a previous grand jury that had heard evidence in the murder.

First degree murder affidavits have been filed against three men in the slaying. Harry Dods jr., 21, and Grover E. Rawlins, 18, both of New Straitsville, are in custody of Athens county officials. The third man, whose identity has not been revealed publicly, is still at large.

A new, and extremely good, book for boys who like excitement and adventure and the WILD, WILD WEST is the newest book by James Daugherty. All the stories are told in verse, and illustrated with Daugherty's pictures. Some of the verses are about "Settlers", "Hunters and trappers", "Roaring forties" and "Custer's last stand".

ALEKO'S ISLAND by Edward Fenton takes the reader across the ocean to Greece. There you meet Aleko, a Greek boy, and his pet goat from whom he can't bear to be separated. One day, while chasing Lesbia (the goat), Aleko found an ancient figure of a shepherd, carved countless years before by some unknown artist. Aleko knew little of its true value, but he knew it was lovelier than anything he had ever seen and that he must keep it from being harmed.

His efforts to save the figurine led him into strange adventures.

## Hoffman Hit For Stand On Recovery

### Senator Calls It 'Sophistry'

WASHINGTON — (UP) — Recovery Chief Paul G. Hoffman was accused today of resorting to "sophistry" when he said spending for Marshall plan countries could not safely be reduced.

**The charge was levelled by Sen. Walter F. George, D., Ga., as the recovery boss testified before the Senate Foreign Relations committee. Hoffman said any cut in his plans to send Britain $940,000,000 in recovery aid during fiscal 1950 would jeopardize European recovery.**

George, a ranking committee member, labelled the explanation already given newsmen, "the biggest piece of sophistry I ever heard a businessman make."

(According to Webster's New International dictionary, one definition of sophistry is "deceptively subtle reasoning or argumentation.")

During the recent break in the commodity market, Congress asked Hoffman if lower prices wouldn't make it possible to trim foreign aid spending. The recovery chief said no. While the cost of goods Europe needs may be reduced, he said, the dollars Europe will receive in return for its exports will also be cut. This was the explanation George called "sophistry."

**The senator said it would be true if European nations were manufacturing without U. S. subsidies. But he said, "We cannot underwrite the value of the products of any country. If prices are cut, we obviously shouldn't have to appropriate as much."**

In other congressional developments:

SOCIAL SECURITY — The House Ways and Means committee was scheduled to open hearings on President Truman's social security proposals today. Commissioner Arthur J. Altmeyer of the social security administration was listed as the first witness. He was expected to urge the committee to follow Mr. Truman's proposals for broadening the public assistance phase of the program to include all needy persons, extend old age and survivors insurance coverage to about 20,000,000 (M) workers not now covered, and increase old age and survivors insurance benefits.

## *Still Long Way to Go*

## Europe Eats Better Than Last Year

By ERNEST AGNEW

LONDON — (AP) — Nearly all Europeans are eating better than they did a year ago, but by American standards they still have a long way to go.

This year Belgium and Poland ended all rationing. Russia and Switzerland dropped rationing earlier. The Netherlands has announced it expects all food could go on free sale before the end of 1949. France is considering similar action.

**In a majority of other countries, rationing has lost its stringency and rationed foods now are almost always available. That wasn't true a year ago.**

Europe's second successive mild winter probably means crops as favorable as those of last year and a further relaxation of the food restrictions, officials cautiously predict.

In a few heavily industrial countries which for centuries have had to import much of their food—notably Britain—rationing is still stiff. There is no sign that it may end within the next year or two. It is stiff, too, in Czechoslovakia and relatively so in agricultural Yugoslavia, due to poor distribution.

Officially, Britain is the only European country where the average consumer is getting fewer daily calories than when the war ended. The ministry of food estimates the average Briton gets now 2,850 calories a day compared with 2,910 in 1945.

**Officially, Czechs are eating better now than when the war ended. Unofficially, many Czechs say that it isn't so.**

In Britain housewives say the position is "easier" than it was a year ago. Fruit is relatively plentiful and there is a somewhat better variety of other unrationed foods.

Bacon or hams vary between one and two ounces; cheese, one and one-half ounces; fats—nine ounces of which butter averages three ounces with the remainder in margarine and cooking fat: meat—one shilling (20 cents) worth. Meat is rationed on a price basis and prices range from four pence (eight cents) to two shillings two pence (45 cents) a pound depending on quality.

Of the meat ration ten pence (18 cents) worth is given in fresh meat, and two pence in corned beef, sugar—ten ounces; candy or chocolates — four ounces; teatwo ounces; eggs —76 on each adult ration book in 1948, and the ministry of food hopes to distribute 100 this year to each consumer; milk—ranges from two and one-half pints for an adult to 12 to 14 pints for babies and invalids.

An associated press survey showd the most extensively rationed food in western Europe is fat.

**Thirteen countries limit the amount sold to each consumer. The normal allowance varies from 190 grams (seven ounces) in France to 350 grams (13 ounces) in Norway.**

Sweden and Norway are the only two countries in Europe with the exception of Ireland where the entire fat ration may be taken in butter.

Sugar is rationed in 11 countries. That ration varies from 72 grams (two and three-quarter ounces) in Spain to 346 grams (twelve and three-quarter ounces) in Denmark.

# Fliers Stage Ohio 'Bomb' Mission

## 321st Crewmen On Successful Trip

Six airplanes carrying 15 crewmen took off at Mansfield municipal airfield at 9:50 a. m. yesterday on a "bombing" mission over Ohio.

**The 321st Light Bombardment group, Air Force Reserve, went on the practice mission with groups from Akron, Columbus and Toledo to make bomb runs on targets at Wellsburg and Windsor Heights near Steubenville. There were 18 planes in all.**

The Mansfield planes were to make their run on the Windsor Heights airfield while the other groups handled railroad bridges and highway bridges at the other target.

Flying AT-11 and AT-6 type aircraft, the group, led by Maj. James R. McConnell, reported a successful mission.

The flight was planned for Jan. 23, but bad flying weather kept the airmen on the ground until yesterday.

**The 321st has 52 men on its roster. All of them are World War II veterans and many flew combat missions during the war.**

The practice missions are planned and executed with all of the seriousness of actual combat flight. The crews are briefed and follow a carefully - regulated schedule from take-off to target and back to base.

# Delay Shapes In Peace Talk

RHODES — (UP) — Armistice talks between Israel and Transjordan were scheduled to open today but observers believed they might be delayed until tomorrow by failure of the Israeli delegation to arrive.

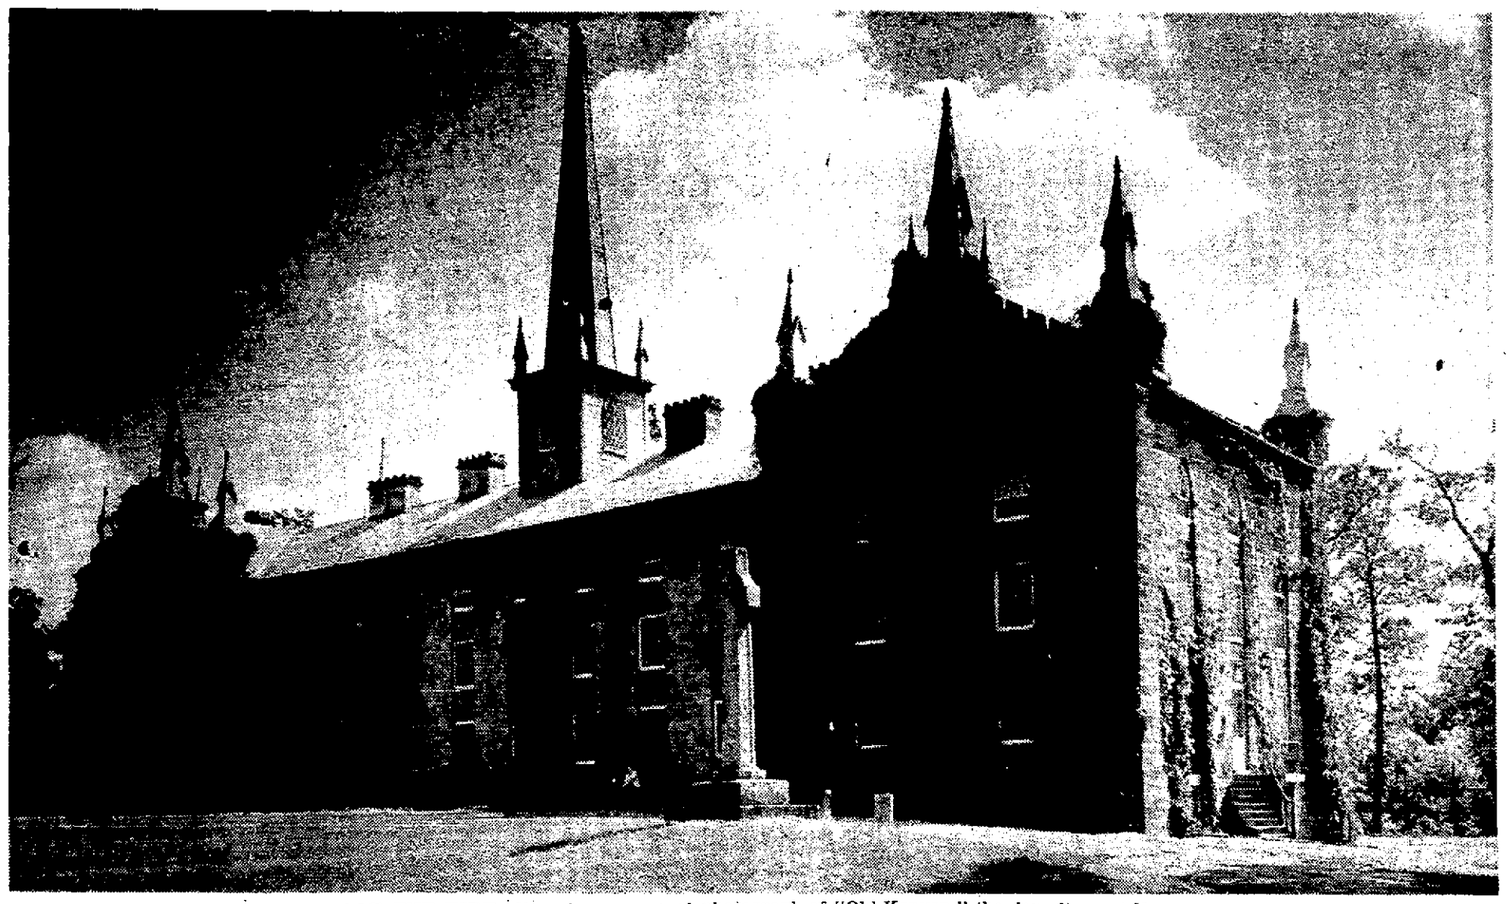
Dispatches from Tel Aviv said Reuben Shiloah, head of the Israeli delegation, and Lt. Col. Moshe Dayan, Israeli Jerusalem commander, had been grounded by bad weather. They will leave Tel Aviv for Rhodes early tomorrow.

In Cairo, meanwhile, the ministry of war announced that the Egyptian brigade and some civilians trapped at Faluja since last fall had been completely evacuated to Egyptian territory.

# Friebel Heads Builders' Group

Walter Friebel of Friebel and Hartman, Shelby, contractors, was elected president of the North-Central Ohio Builders' association Friday night at the organization's annual business meeting at Happy Harry's dining room.

Other officers elected, all of Mansfield, were D. D. Tyson, vice president; George Warner, secretary; William Auer, treasurer, and Gene H. Zediker, J. H. Glasener and Herbert Rusk, members of the executive board.



**BEFORE THE FIRE**—Here is an unusual photograph of "Old Kenyon," the dormitory at Kenyon college, Gambier, which was destroyed by fire Sunday morning with the loss of eight lives. The picture previously appeared in The News-Journal in one of a series of articles on campus life in this part of Ohio.

# Schools Get State Funds

Richland county schools received $115,486 and Mansfield schools, $76,894, as the first quarterly payment for 1949 under the State School Foundation program.

County Supt. of Schools Boyd Robinson said the allocation is divided this way among county school districts:

**Bellville, $16,319; Butler, $10,677; Lexington, $12,634; Lucas, $6,963; Madison, $26,913; Mifflin, $3,570; Plymouth $7,498; Shiloh, $9,604; Springfield, $11,803; Union $9,505.**

The county school board, in addition, received $6,150 which is a half-year payment for board expenses.

# Hughes Says Giant Airplane Damaged

LOS ANGELES —(AP)— Howard Hughes today disclosed his giant flying boat—the world's biggest plane—had been "fairly extensively" damaged but did not elaborate further.

The eight-engined plywood cargo ship is dry-docked at Terminal island in the Port of Los Angeles. Several years in the making, the ship has not yet made its flight tests, although in November 1947 Hughes himself skimmed it above the harbor during taxiing tests.

A spokesman for Hughes estimated that $27,000,000 so far has gone into the plane. It has a 320-foot wingspread.

# Photo Supply Firm Chartered

Mansfield Photo Supplies, 27 South Main street, has been incorporated, with the following officers, Frank J. Goldsmith, president; Russell J. Senger, vice president, and Victoria A. Goldsmith, secretary.

The three are the incorporators while Attorney Marshall C. Moore filed the incorporation papers with the secretary of state. Moore said the new corporation was authorized to issue 300 shares of common stock, par value $2.

# 35,000 Reported Slain In Burmese Fighting

RANGOON — (INS) — Burmese government troops and Karen rebels battled today for possession of the central Burma towns of Meiktila and Thazi in a continuation of the year-old fighting which already has claimed an estimated 35,000 lives.

Premier Thakin Nu listed the casualty toll yesterday.

**PARKED CAR LOOTED**

# Bank Building In Crestline Being 'Lifted'

CRESTLINE — A "face lifting" treatment is being given the First National Bank building, located at Bucyrus and North Seltzer streets. It was built in 1890 and was cleaned last in 1923 after the bank acquired the building.

Friebel and Hartman, Shelby contractors, are in charge of remodeling. The third story is being removed and a new brick surface planned. Newly redecorated second floor office rooms will be occupied by Dr. Robert Tracht, recent chiropodist graduate, and by another newcomer, Dr. Oscar Cook, an optometrist from Bellevue.

A large public hall over the bank and Ohio Fuel Gas company office on the second floor will provide an office for Dr. Danzic, optometrist, and a three-room apartment occupied by Miss Faye Grebling.

## Firemen Make Two Runs In 4 Minutes

City firemen were called to two alarms at 11:15 and 11:19 a. m. today. Crewmen from Central station were called to 146 Park avenue west where a short circuit caused wiring to smoke. No damage was reported. . . . .

An overheated chimney at 149 East First street in the home of Frank Guarino brought firemen from Central and No. 3 stations. The wallpaper in the building had caught fire, but only slight damage was reported.

# Marion Depot Crash Kills 1

MARION — (UP) — Wrecking crews today cleared tracks at the Union depot here of debris caused when five cars of a 64-car New York Central freight train were derailed, killing a young Railway Express agency employe.

Thomas Finch, 23, was injured fatally when buried under the wreckage of the derailed freight cars. Railroad officials said Finch was operating an express tractor near the depot when the cars left the track about 400 feet west of the depot.

# Attack Fatal To H. D. Smith

Howard D. Smith, 57, a departmental manager for the Lumbermens Insurance company, died about 12:30 p. m. today after suffering a heart attack in his office on Lumbermens Heights.

He lived at 650 Dickson parkway. His widow, Helen survives.

The body was taken to the Finefrock funeral home. Services had not been completed this afternoon.

## Should Prices Go Up or Down?

NO BETTER indication of the uncertainty that exists as to the future economic situation has appeared in recent days than the difference in attitudes taken by big automobile concerns in the matter of prices.

Closely following announcement of prospective price increases by one of them another announces intended lowering of prices while a third seems undecided.

If inflationary wages, prices and profits are to be accepted as a continuing condition, then a further upward price trend would appear inescapable, regardless of hardships worked upon those whose expenditures are confined to fixed incomes.

If, however, a point has been reached at which a serious effort will be made to slowly deflate the inflationary bubble, rather than having it burst suddenly at a later date, gradual readjustment of prices, wages and profits on a somewhat lower level would seem sound procedure.

While attention is specifically directed to varying views in the automotive field, application is much more general, extending to many other products of industry, prohibitive costs of housing, and, in fact, all elements that enter into what is called "the cost of living."

Present tremendous costs of government operation are also based on inflationary standards, and an easing all along the line will be necessary if this country is to avoid such a disastrous depression as was being moved toward just twenty years ago—but quite unforeseen at this season of 1929.

## Brazil Foresees Food Competition

BRAZILIAN agricultural and industrial leaders are reported to be worried about possible competition of Africa in the production of foods which Brazil now exports. These worries result from ambitious plans, notably by the British, for developing vast untapped agricultural resources of the "Dark Continent".

The Brazilian concern is in strange contrast with that of international scientific groups. The latter have been prophesying starvation for the world unless means are found to grow more food. Besides their gloomy predictions, it is obvious that there is not enough food in the world now, since great masses of people in Asia, Europe and Africa do not have enough to eat. For that matter, some people in the Americas are removed from any evident danger of over-eating.

Such being the case, there is something wrong when the development of a new food-producing area gives rise to fears of market competition. There are at least two difficulties. As there is no international planning of crops, some are over-produced while others are scarce; the Brazilians fear duplication of their major export crops. Areas of the world which have the greatest need of food are also the least able to buy it, and to distribute what they have.

## Haircut Price Here and Elsewhere

CONVERSATION turns so frequently to Mansfield's $1.25 haircut price that incidents related to this subject may be regarded as timely.

Anent a recent item in the Wall Street Journal to the effect that at least two barber shops in New York City's financial district had reduced the haircut price from 80 cents to 60 cents, a New York City visitor in Mansfield this week commented that the charge for a haircut in the excellent shop he patronizes is 50 cents.

At least one Mansfielder will not concede that he is paying $1.25 for a haircut—he gives the $1.25 all right, but tells his barber that $1 is for the haircut and the 25 cents is a tip.

Main reaction, however, among Mansfield men who have occasion to get into some other town or city rather frequently, is to patronize barbershops somewhere else, rather than in their home town, which would be their natural preference.

Extent of home barbering, and lengthening the time between haircuts, are other reactions that need be taken into account by local barbershop owners and their employes as they consider causes of their increased leisure time.

## An Open Letter To a Speeder

*Editor's Note—Credit for the following goes to the First National Bank of Chicago, which originated the material. Leaders in the safety movement commend it to thoughtful reading by all motorists.*

* * *

I SAW you barely miss a little boy on a tricycle this afternoon and heard you yell, "Get the h— out of the way! Don't you know better than to ride in the street?" He didn't answer because he hasn't learned to talk very well yet. So I'm going to answer for him.

No, the little boy doesn't know any better than to ride his tricycle in the street. He has been warned not to, but little boys don't always heed warnings. Some adults don't either, especially traffic warnings; the one limiting speed of automobiles.

I'm going to tell you something about the boy. He has a mother who endured considerable inconvenience, anxiety, and suffering to bring him into the world. He has a father who has worked hard and made many sacrifices to make him healthy and happy. The supreme purpose of their lives is to have their little boy grow up to be a useful man.

Now stop a minute and think. If you should kill a child, how would you face its parents? What excuse would you give them for having robbed them of their dearest possession? More important: What excuse could you possibly offer Him whose Kingdom is made up of little children?

Children, my hasty friend, were here long before you or your automobile were thought of. All the automobiles on earth are not worth the life of one little boy. We don't know what that little boy may someday be. But we know what you are, and its unimportant. We could get along without you, but we can't spare a single little boy on this street.

## Why Give Truman 'Stand-By' Powers?

WHEN and if President Truman takes to the road for his stymied program in Congress, we shall hear him plead for stand-by powers to control inflation. This part of his recommendations looks quite innocent. And while standing firmly against his larger measures, more and more members of Congress will say, "Why not give him something—his stand-by powers, for example? They are harmless."

Such powers, however, are described in a bill already introduced. This bill is the product of a cabinet committee headed by the secretary of agriculture. It gives the President discretionary authority (1) to make allocations of scarce materials such as steel, copper, tin, lead and zinc; (2) to set maximum prices and wages; and (3) to make loans to expand facilities of production and in "emergencies" to build and operate plants.

**The bill gives the President a new assistant with a salary or $20,000 who would, in effect, be a stand-by price administrator. Such an administrator would, of course, hire a lot of assistants.**

These are rusty and discarded weapons. It is hardly likely that bread or meat would be rationed, and the fixing of maximum prices for most products would be meaningless. Allocations have meaning only in war-like situations.

But there is no assurance that the left-wing elements in the administration would not immediately seize upon other powers to prepare the way for wide socialistic experiments in production. And it is quite clear that such preparations, even if not carried to completion, would further intensify the shortages that are now claimed by the administration.

* * *

**He Couldn't "Stand By."**

THE PROPOSED office of price administrator at a large salary would be a glittering prize. It appeals to politicians as a fat job, and there are many old Truman friends still to be cared for. It also offers to those who want more government in business a fine avenue for their experiments.

No one could expect this stand-by administrator really to stand by. He would have to stir about and find "evils" to correct. Otherwise, he could not impress his employer, the President.

Moreover, the recent utterances of Keyserling and Clark, economic advisers of the President, indicate that they are intent upon pushing the government into the business of manufacturing. The President, says Clark, must have the requested powers, including the right of "the government itself to become a producer."

Keyserling says that, while the producers and processors of food and fibers do not make excessive profits, the "trade" could do with less. Thus, the squeeze would be placed on wholesalers and retailers, in that order. There are relatively few votes among wholesalers, perhaps 250,000. Retailers are more numerous. But both constitute only a negligible political threat.

**And as I interpret the President when he talks of "special interests" (he used the term 13 times in his Jackson-Jefferson speech), he means any group with sufficiently few votes to serve as a whipping boy.**

The next aim would be the invasion of business like steel by a horde of assistants of the new price administrator, digging into books, questioning consumers and otherwise undermining what confidence still exists in competitive, free enterprise.

The request for stand-by powers is not as harmless as it seems.

## Independent Scandinavia

By MARQUIS CHILDS

THE LONG shadow cast by the decision taken by Norway and the United States is as yet hardly apparent. Only with events that are expected to flow from this decision will its far-reaching consequences be realized both here and in western Europe.

But it is not too early to bring home to Americans the responsibility this country must bear for inducing Norway to joint the Atlantic Alliance. To join, it might be added, before the alliance has taken a definite form or been accepted by the participating nations of western Europe.

**The declaration by the state department that arms from the United States would go only to countries in the alliance appears to have been the clinching factor with the Norwegians. Behind this declaration was a prolonged campaign of persuasion on both Norway and Sweden.**

The Swedes were given a clear intimation that unless they quickly made up their minds to come into the alliance, the U. S. would have to decide that Sweden was strategically indefensible.

From one American who knows Scandinavia well has come a note of grave warning. Lithgow Osborne, U. S. ambassador to Norway from 1944 to 1946 and now head of the American Scandinavian Foundation, has made available to several senators a memorandum setting forth cogent reasons why the state department should hesitate before disrupting the unity achieved by the three Scandinavian countries.

* * *

**Viewing the Situation.**

WHILE the die seems to have been finally and fatally cast, the Osborne memorandum is important since it underscores so heavily the significance of the step that has been taken. For that reason excerpts are printed here. Osborne presented two points for immediate and urgent consideration as follows:

"1. Withdrawal of our opposition to a mutual Scandinavian defense alliance. In view of the rugged democratic character of the Scandinavian peoples and their unquestionable ideological sympathy with the West, an independent position for them seems unimportant. In fact, the more 'neutral' such a defense pact is, the more it works in our favor in that it furnishes less provocation to Russia. Under it we would, it is true, be precluded from any active collaboration with the Scandinavians on defensive measures; on the other hand, we also would be relieved of additional moral obligations which would certainly devolve on us, if one or more of the Scandinavian countries joined the Atlantic Pact at our insistence.

"2. A statement that any western European democracy or group of democracies which is prepared to defend itself against aggression will be eligible to receive military supplies. Why should the Scandinavian countries be treated worse in this respect than Turkey, Greece or Korea?

**"The high degree of unity of the northern democracies is one of the bright spots in present-day Europe. It is one of the cornerstones on which the reconstruction of the continent depends.**

"Its disruption would be unfortunate for us as well as for Scandinavia. To destroy it now for the sake of securing one or two more members of the still-nonexistent Atlantic Pact seems at the best doubtful wisdom and at worst extremely dangerous."

Regardless of the official terms of the pact, the grave moral responsibility of the United States, as Osborne points out, can hardly be overstressed. That responsibility is to the Norwegian people who for four years endured the sinister tyranny of nazi occupation.

## Gen. Vaughan's Role As 'Court Jester'

By DREW PEARSON

WASHINGTON—Quite a few people have written or wired me asking what manner of man is the famous General Harry Vaughan in whose defense President Truman hurled the abbreviation for an unprintable name last week.

**The answer is that Vaughan is a roly-poly, easygoing, sometimes blustery sort of person, who is very difficult to dislike, even if you don't appreciate his particular brand of humor — which the President does.**

In fact, it is largely because of Vaughan's role as court jester plus his shaggy-dog loyalty, that the President has him around.

Vaughan's humor, which has taken the form of turning a pig loose in the office of J. Edgar Hoover and berating his boss with barrack-room language for playing the wrong card at poker, is usually difficult to print.

Milder examples of Vaughanian wit include:

"The cockroaches in Gallinger hospital should have service stripes, because they've been there since the Civil war." . . . And apropos of efforts to settle strikes: "The nation's going to hell in a hand-basket." . . . Regarding seasickness en route to Bermuda: "I feel fine. What the hell, it tasted just as good coming up as it did going down."

**Nobody can blame the President for wanting a little relaxation—and if he enjoys the type of humor dished out by Harry Vaughan, then that gentleman may serve a useful purpose and might be immune from newspaper comment.**

However, since he also plays a part in influencing our foreign relations, and since some 1,600,000 American boys in the armed forces must salute the uniform of a major general, then it should be within the bounds of fair comment to scrutinize more closely Vaughan's earlier experience and present career.

* * *

**Vaughan In Australia.**

FIVE YEARS before Harry Truman became vice president, Harry Vaughan was a Missouri manufacturer's representative for the Hines company of Milwaukee, the T. J. Moss Tie Co., and the Heim Binder Co., also of Milwaukee. Salary—$4,200

Then, in 1939, Vaughan came to work for Senator Truman as secretary. Came the war and Truman hit the headlines as head of the Truman committee. Vaughan secured a commission as lieutenant colonel, went to Australia where he served as provost marshal at Brisbane. He didn't get along too well with General MacArthur and came home.

Army Press Relations, when asked about General Vaughan's record in Australia, said that it could not go into details without querying the officer himself, in this case General Vaughan.

**No official record is obtainable, therefore, as to the exact areas where Vaughan served in Australia, or why he was transferred. Friends said, however, that he was a good rear-area officer.**

A photograph is in existence taken of Colonel Vaughan in Australia with two other colonels, all obviously inebriated, over the caption "Three *Full* Colonels."

Back in Washington, the Army, always astute regarding Capitol Hill contacts, assigned Col. Vaughan to be liaison officer with his old boss, the senator from Missouri. Truman, by that time, had become the most powerful senator on the Hill, with the power to investigate the Army, Navy or anything else. So Vaughan's appointment as go-between for the Army with Truman was considered a ten-strike.

Came Truman's election as vice president and Harry Vaughan became his military aide. It was the first time in history that a vice president ever had a military aide, but Truman wanted it, so the Army was delighted to please the man who might some day be in the White House. A few months later and both Harry Truman and Harry Vaughan were there.

* * *

**Monkey Wrenches.**

NOBODY would begrudge General Vaughan his seat at the right hand of the President, his medals, his limousine, his titles or his flunkeys, or his $12,000 salary, if it were not for the fact that the general is not satisfied to remain a court jester. He insists on poking his hand into the delicate machinery of government.

And whenever he does so, he nearly always inserts a monkey wrench.

In 1946, for instance, as Europe faced bleak starvation, Secretary of Agriculture Clinton Anderson asked the American public to forego liquor in favor of bread. The grain allocation for distillers and brewers was cut. Some months later, as hunger abroad increased, the grain allocations for distillers was cut again.

At this point, General Vaughan telephoned the agriculture department, got Anderson's assistant, Nathan Koenig, on the wire, and stormed:

**"What do you mean changing the distillers' quota again without informing me? I'm the one you are to deal with on that. I had assurance that the quotas were not to be changed, and I want this order rescinded immediately."**

Vaughan was so vituperative that Koenig got Secretary Anderson, then out of town, on the long-distance phone, and recommended that the cut for distillers be rescinded. General Vaughan, Koenig warned his chief, was in no mood to be trifled with.

"Tell the General," replied Anderson, "that he was not confirmed by the Senate to act as secretary of agriculture."

**Just what General Vaughan's connection was with the liquor industry is not known, though it is known that he remains plentifully supplied by an ex-bootlegger, John Maragon.**

Maragon's relationship with both Vaughan and Truman is so close that he actually turned up at the Potsdam Conference along with Jimmie Byrns, Winston Churchill and Premier Stalin.

During the recent election campaign, Vaughan was kept pretty well out of sight. Truman realized that a bemedaled general constantly at his right hand would not go down well with the voters—especially when he was preaching peace. So the general was kept in the background.

However, this did not prevent him from putting in his political oar—and sometimes rocking the boat.

## Slow-Paced Reparations

By THOMAS L. STOKES

WASHINGTON—The very slow progress in the reparations program calling for dismantling and delivery of specified German plants to the victorious allies and countries subjugated by nazi armies was revealed here previously from the report of the Inter Allied Reparations Agency for the year 1948. This covered its operations since its creation by the Paris agreement of January 1946.

**Factors were cited that have hampered the work of the I.A.R.A., which thus far has been able to approve for allocation only 358 out of more than 1,600 plants originally assigned for dismantling.**

These factors included disagreements among occupying powers; a change of policy by the United States under the Marshall Plan to reduce the number of plants to be removed, and resistance in Germany to the program.

The disagreements also go beyond dismantlement. They involve reciprocal deliveries of foodstuffs and raw materials by Russia, as provided by the Potsdam Declaration.

They likewise concern collateral arrangements under special agreements, such as those reached here in Washington with Sweden and Switzerland in 1946 covering German assets in those two neutral nations, neither of which was a signatory to the reparations agreement.

These cases are interesting as part of the whole problem.

* * *

**Unkept Agreements.**

UNDER the Potsdam Declaration, Russia agreed to deliver foodstuffs and raw materials to I.A.R.A. up to 60 per cent in value of the industrial equipment she received from Germany. She made the first delivery in the first half of last year. In May she submitted to I.A.R.A. a proposed list of commodities for the second delivery, which was approved by I.A.R.A.

However, when the three western zone commanders in Germany asked that the second delivery be at the same points as the first, most of which went to Berlin, the Russian authorities refused to make delivery through Berlin and suggested instead that the north German ports be used.

The I.A.R.A secretary-general wrote the three western zone commanders on Dec. 17 asking when delivery of the second consignment could be expected, and pointed out further that "the agency has still not been informed of the further lists of commodities which, in view of the total amount of industrial equipment so far delivered to the U.S.S.R., I presume should already have been made available to its member governments."

No replies from the three commanders had been received up to Dec. 31.

**Switzerland, under the Washington Accord of May 25, 1946, was to liquidate German assets sequestered there, which were considerable, and pay a certain part to the I.A.R.A. for distribution.**

But Switzerland still has not carried out her obligations, despite a resolution by the I.A.R.A. assembly last March 16 urging that she complete liquidation with the least possible delay and make available immediately, in the meantime, an advance of at least 100,000,000 Swiss francs.

Switzerland, the report shows, fixed first as a condition to carrying out her obligation that a rate of exchange be fixed between the Swiss franc and the German reichsmark, and that she be given a part in fixing this rate.

## That Common Chickweed

By CALVIN A. BYERS

ALL OVER our garden and vineyard where rye was thickly sown late last fall, the growth of rye was not very lush or luxuriant—but between the drill rows I find chickweed growing, strong and vigorous, spreading wide, like any trailing plant.

It is blooming now—beautiful fragile white flowers, very small and perfect, only a few feet from our door. From beneath an inch of hoarfrost and moist snow, I scooped up a handful of green tender matted stems with a white bloom on each terminal branch. I thought of my four bee hives near by, and wondered if the bees knew that the flowers were here.

During the afternoon, when the later sun had melted the frost away, I examined several small blossoms in the sunlight. When I held them between thumb and forefinger, a small clear droplet of nectar quivered on each petal. I sipped it and found it sweet and pleasing.

**About the only use man has found for this weed with which Nature carpets moist soil, around the world, is to feed caged song birds.**

Its parts are so arranged that it can fertilize itself, if it is too cold for insect pollinators to fly; yet even in winter it produces abundant seed. In spring, however, when much nectar is secreted, bees, flies and thrips visit the blossoms.

The common chickweed is an immigrant from the Old World that has moved in and successfully competes with native blossoms by adapting itself to new environments. Of the Pink family, the flowers are tiny, with five petals deeply divided, and five sepals longer than the petals. The leafy creeping foliage carpets moist shady places in woods or meadows, furnishes food for birds and wild fowl, and holds the soil from eroding.

Almost any day in the year, this flower may be found, if one knows where to look for it. In Europe it is rated a pestiferous weed. It seems an insignificant little plant to have made such triumphant progress around the world, but its very lowliness and humility have been in its favor.

And then it is friendly to birds and insects—two great and numerous tribes that mankind often considers beneath him. Perhaps, men if they were wise enough, could learn much from Common Chickweed.

# Hoover Group Urges Defense Secretary Be Super-Boss

## Military Called Very Weak

### Would Demote Present Chiefs

WASHINGTON — (INS) — The Hoover commission recommended today that the war, navy and air force secretaries be demoted and that the defense secretary be made a super-boss of the armed forces to restore civilian control.

**These proposals were in the commission's eighth report to congress on government reorganization which declared that America's military establishment "is perilously close to the weakest type of department."**

The commission, headed by former President Hoover, suggested that the chiefs of the three fighting branches be reduced to under-secretaries with loss of much of their power.

The defense secretary under the proposed set-up would be given authority to take strong disciplinary action to end service rivalries which were blamed for lack of civilian control.

Civilian rule of the armed forces, the group said, was weakened by the 1947 "unification" act, and therefore "scarcely exists" now.

The report declared that this act "set up a rigid structure of federation rather than unification."

James V. Forrestal holds the position of defense secretary while Kenneth C. Royall, John L. Sullivan and W. Stuart Symington head the army, navy and air force departments, respectively.

In proposing 26 reforms in the interest of national security, the commission declared that the international situation makes the need for a strong military establishment "obvious." The report stressed the need for "teamwork."

**KEYNOTES DEFENSE**

The commission insisted that plans for civilian and industrial demobilization "should be completed at the earliest possible date," and that "defenses against unconventional methods of warfare" should be developed promptly and more vigorously."

**More attention should be given, the group said, "to psychological warfare."**

The commission proposed that the defense secretary be given complete control over the purse strings of the armed forces, and that he be empowered to supervise a "major overhaul" of the military budget.

An undersecretary of defense, and three assistant secretaries, were suggested to strengthen the defense secretary's hand. Besides this enlarged staff, he could appoint such personal assistants as he found necessary.

The commission recommended that the joint chiefs of staff representing the three services be retained, subject to presidential appointment and senate confirmation of the members.

But the defense secretary, to assert his power in this group, could appoint the chairman, who would report to him. This would be done with the president's approval.

## Complete 1947 Records Show 80-Million Earnings

An average of 27,740 persons were employed in industries in Richland county in 1947, according to C. W. Handley, manager of the Ohio State Employment office here. Figures for 1947 are the latest available.

A total of $80,770,144 was paid in wages with weekly earnings averaging $55.99.

**The number of workers increased from 26,624 in January to 28,952 in December, the peak month for the year, according to a report released by Handley.**

Manufacturing industries accounted for the largest number of workers with an average of 18,983 employed in such firms and a high of 19,750 in December, 1947.

Wholesale and retail trades ranked second with an average of 4,613 persons employed in 1947. Transportation and utilities had an average of 1,179, service industries 1,153, finance, insurance, and real estate 687; and unclassified 36.

Manufacturing industries also ranked highest in average wages paid with $61.19 weekly, Wages in this group varied from $51.24 weekly in manufacture of food and similar products to $69.85 weekly in miscellaneous manufacturing.

Lowest weekly wages were in service industries with an average of $35.14 weekly.

**Transportation and utilities averaged $49.30 weekly, wholesale and retail trades $43.12 weekly; finance, insurance, and real estate $52.39 weekly, and unclassified industries $34.64 weekly.**

Total wages paid in 1947 ranged from $18,212,480 in the first quarter of the year to $22,558,067 in the fourth quarter.

## *Abolish Chief of Staff Post, Added Recommendations Say*

WASHINGTON — (INS) — Here are additional recommendations made today by the Hoover commission to congress on means of strengthening the nation's military establishment!

1—The position of chief of staff to the president should be abolished. This post is now held by Admiral William D. Leahy.

2—A performance budget should be set up in the military establishment, with emphasis on purposes and objectives to be accomplished, rather than on personnal, supplies and similar things. Uniform accounting practices should be installed.

**3—The armed services should be required, at least in peacetime, to keep complete, accurate and current inventories of goods on hand.**

4—The principle of "unified civilian control and accountability" should be the guiding rule for all legislative action affecting the military establishment.

5 — The defense secretary should have full authority, subject to approval by the president and congress, "to establish policies and programs."

6—Full authority for the procurement of supplies and materiel should be vested in the defense secretary. He could delegate this authority to the munitions board or other officers with orders to expedite elimination "of costly duplication in procurement and waste in utilization among the three services."

7—An integrated system of military personnel administration, education training, recruitment, promotions and transfers among the services should be under central direction of the defense secretary.

**8—The secretary should have power, subject to directions of the president and congress, to prescribe "uniform personnel policies" for civilians in the services and the military.**

9—More effective working relations should be developed among the joint chiefs of staff on the one hand and the national security council and other agencies concerned with security.

10—Full responsibility for formulating a policy of stockpiling critical materiels should be "clearly determined and centralized."

11—A comprehensive economic warfare program should be developed by the national security resources board.

## Job of City Manager's Hazardous

### Municipal Watchdogs Seldom Pensioned

By KEN DAVIS

COLUMBUS — (AP) — Forty-five men applied for the job of Springfield city manager recently. Many of them probably didn't realize just how tough a job they were seeking.

The news of the last few months should have warned them, however, for city managers in many Ohio cities have had to cope with man-sized chunks of trouble. Take the case of Donald C. Wagner.

**Wagner became city manager of Portsmouth in 1947—and 13 months later found himself at war with a city council faction and suspended from his job. Wagner was just one of four Ohio city managers who ran afoul of occupational hazards in 1948.**

Managers at Toledo, Springfield and Hamilton also suffered varying degrees of grief.

Most city managers aren't fired. Things aren't quite that tough. Some do get the heave-ho; some escape it by resigning right rapidly. By and large, city managers seldom last long enough to get a pension.

Springfield is a case in point. That industrial city has had 17 city managers in 34 years. It is getting ready to hire its 18th. The last one, Oscar L. Fleckner, became state liquor director Jan. 10.

You can get into the fanciest messes no matter how you turn as a city manager. Stewart Clendinen, now an Evansville, Ind., businessman, knows that very well.

**Clendinen was city manager of Gallipolis in the mid-1940's, the type of manager known popularly as "the watchdog of the treasury." City councilmen, who had to trot up for public inspection at the polls every so often, became disgruntled. Clendinen, they said at some length, doesn't spend enough.**

So, "Watch-Dog Clendinen resigned "somewhat under pressure," as one reporter put it.

But down in Portsmouth, some citizens asked Wagner's removal because he was spending too much—that is, the city was spending too much in paying his $10,000 annual salary.

Many a baffled city manager has decided you can't win in any case. Others, more happily situated in one of the Ohio cities which gives its managers wide latitude and confidence, see the job in a different light.

The average tenure of Ohio city managers is 4.7 years—but that takes in the Johnnies-come-lately as well as some of the really permanent fixtures like Charles A. Carran of East Cleveland. Carran has been in that same job 26 years—the Ohio record among active managers.

This tenure, rated just about tops in the entire nation, is matched only by Fred O. Eichelberger of Dayton, who retired March 15, 1948, after similar service.

**FIFTY-STAR FLAG**—An American flag bearing 50 stars, denoting the present 48 states plus Alaska and Hawaii, is held by Jennie Irish, a White House secretary. Flag was presented to President Truman by E. L. Bartlett, congressional delegate from Alaska.

## Play, Essay Awards Highlight Assembly; Band Party Planned

By JANET NEAL and JANISE SMITH

At a patriotic assembly held in the auditorium, Dwight McCullough, of the American Legion, presented awards to Herbert Kronenfeld, Jim Willard, and Nelaura Orr for their winning essays in the contest sponsored several weeks ago.

A play, "Abraham Lincoln and His First Love, Ann Rutledge." was given by some of the students of R. W. Davis' eighth grade history class. Violet Magglott acted as the announcer, and the rest of the cast included Grace Friday, Nove Pankow, Carolee Clifford, Harold Rice, Bill Taylor, Cornelius Robinson, Dale Riggle, Bob Hall, Donald Beddard, Delores White, Phyllis McFarland.

Miss Alice Kirkwood's ninth grade English classes are studying poetry and many of the students will make poetry scrapbooks.

**The band and orchestra are planning a party to be held March 4. John Robbins is chairman of the entertainment committee, while Herbert Kronenfeld will head the games committee. The party will be sponsored by the band parents club.**

Mrs. E. C. Bradley, physical education teacher, has announced the following girls as members of the all-star girls' basketball team: Nancy Ward, Dorothy Elsasser, Shirley Dunham, Nancy Pore, Diana Hale, Sally Ritzenthaler, Genevieve Hartig, Nelaura Orr, JoAnn Bfunn, Janise Smith, Cynthia Ackerman Nancilee Clark, and Shirley Frietchen.

**Seventh grade home economics classes, taught by Miss Edna Tucker, are making plans for luncheons to be held this spring. These luncheons are traditional with some teacher as guest of honor.**

The Appleseed basketball team played its last game Wednesday, beating the Madison reserves 43-40. Appleseed, as a result of that game, has completed a successful season, winning 10 games while dropping only 4.

Several substitute teachers have been seen in the halls. Mrs. Helen McClure has been taking the place of Miss Alice Kirkwood, Mrs. Edith Ruel has been substituting for Miss Lenora Fehr, and Mrs. Marian McClure has been taking over the classes of Miss Helen Herring.

## REBECCA HOWE WED TO FRANCIS BREEDEN FEB. 26

### Daughter of Mr. and Mrs. Carl T. Howe Becomes Bride In Home Ceremony On Saturday Afternoon.

OF INTEREST to Mansfielders is the announcement made by Mr. and Mrs. Carl T. Howe, 181 Carpenter road, of the marriage of their daughter, Rebecca Jean Howe, to Francis Charles Breeden, 61-17 224th street, Bayside, Long Island, N. Y., son of Mr. and Mrs. Lee Breeden, Lenora, Kans.

Vows were exchanged here at the Howe home in a quiet service on Saturday at 2 o'clock with Rev. Charles Stoneburner officiating. Miss Jane Rinehart, consin of the bride, was the pianist, playing a brief program of nuptial music.

The ceremony was solemnized before a mantel decorated with an arrangement of huckleberry, picardy glads and yellow snapdragons. Two seven-branch candelabra illuminated the scene.

For her wedding Miss Howe chose a street length ensemble of turquoise crepe, made with fitted jacket and pencil slim skirt. Her accessories were in brown. She wore a corsage of pink camellias.

Her only attendant was Mrs. Donald E. Howe of Akron, sister-in-law of the bride. She was attired in a black crepe, made with Eton jacket, and her accessories were in black. She wore a corsage of Talisman roses and acacia.

**Donald E. Howe of Akron, brother of the bride, served as best man.**

A reception was held immediately following the ceremony for the immediate families and a few close friends. The serving table was centered with a tiered wedding cake, topped with sweetheart roses. The base of the cake was surrounded by maiden fern and sweetpeas. Tall lighted white tapers illuminated the table. Miss Myra Jane Muste of Ann Arbor, Mich., former roommate of the bride, presided.

**Mrs. Breeden was graduated from Mansfield schools and received her A.B. degree from Mount Union College, Alliance. She also received a bachelor of library science degree from Western Reserve School of Library Science, Cleveland. She is affiliated with Alpha Chi Omega social sorority.**

Mr. Breeden was graduated from Nebraska Wesleyan university, Lincoln, Nebraska, with an A.B. degree degree, and from Illinois Institute of Technology, Chicago, where he received his M.S. degree. The bride has been catalog librarian at the General Library, University of Michigan, Ann Arbor. She formerly held the same position in Princeton University Library, Princeton, N. J. He is employed in the electronics section of the Physics Laboratories of Sylvania Electric Products, Inc., New York City.

## Joint Meeting To Be Held Friday, March 4

The regular meeting of the White Cross Temple, No. 101, Pythian Sisters, was held at the K. of P. hall Friday evening. The session was preceeded with a covered dish dinner. Hostesses were Mrs. Florence Burghard, chairman, Mrs. Charles Arting and Mrs. Calvin Long.

Mrs. Charles Kime, most excellent chief, conducted the business meeting. Plans were made for a rummage sale in the spring. The annual inspection will be May 13, at which time Mrs. Eleanor Levi of Mt. Vernon, will be the inspecting officer.

On Friday, March 4, there will be a joint covered dish supper with the Knights of Pythias and their wives, the Pythian Sisters and their husbands. Dinner will be served at 6:30 p. m. Entertainment will be furnished by the Knights.

## *The Fashion Spy Glass*

In our first look into the fashion spy glass to see what spring and summer have in store for us, let's just touch on several of the brand new things we're going to see on our Easter shopping tours. In subsequent columns we'll go into detail on all of them.

The really exciting news about spring and summer cottons is the daring bareness we're going to find. Plunging necklines will plunge father down than ever before and a lot of the cottons will be sleeveless and backless. We're going to get sunburned this summer whether we like it or not!

The new color for spring is dacia. One Mansfield store now has a whole window display of dacia suits. The color is a bright tan and combines beautifully with almost any color accessories you own.

Navy blue has its ups and downs as a spring color. Although it's always around it hasn't been emphasized so much in past seasons, but this spring is definitely a Navy blue spring and Mansfield stores as well as stores from coast to coast are stocking up on Navy blue.

**Tweeds are back in suits and coats and the blessing of the season is the return of bolero dresses and suits along with crepe dresses and solid color jackets to match.**

Many of you will be glad to know that the prescribed height of a skirt from the floor this year is a wonderful thirteen inches compared with the ten inches of the "new look" that was so cumbersome. The new suit skirts are still narrow but they all have slits up from the hem line to facilitate our getting around town.

Milliners predict a big year for hats and we understand that the 1949 Easter bonnet will be a snug fitting affair with flowers and flowers and flowers. Femininity is the keynote of the millinery industry this year and plain hats without decorations are definitly out. These new hats are going to look well atop our short hair cuts.

That's a whirlwind trip through Mansfield stores for what's new for spring and summer. Next time we'll take it slower.

**TELL OF VOWS** — Mr. and Mrs. Arthur Bail of Shelby are announcing the marriage of their daughter, Betty, to Pfc. Forrest N. Milligan, son of Mr. and Mrs. Harvey Milligan of Butler. The ceremony was performed Feb. 15, by Justice of the Peace John Cuff, Napoleon, Ohio. The bride wore a dark blue taffeta dress trimmed in white. She is a senior at Union high school. The groom is stationed at Fort Knox, Kentucky.

## *Committees For Year Named*

Unit 11, Nu Phi Mu, met last week to make final arrangements for their rummage sale. After completing plans they adjourned to the home of Miss Beverly Shipley for a penny supper. Each member had brought a covered-dish which was sold for a penny a spoonful, the money being used to enlarge the unit treasury.

Following the supper a business meeting was held during which the various committees were appointed for the year. The following were appointed as committee heads, Miss Jean Anderson, activities and program; Miss Dorothy Normant, social; Miss Joan Gerger, ways and means; and Miss Helena Gilbert, service. Miss Anderson also was appointed to take charge of the birthday box.

The next meeting will be held at the home of Miss Helene Gilbert, 269 Remy Avenue, on March 16. A white elephant sale will be held then.

**ADVISORS PRESIDE**

Mrs. Charles Avery, advisor, was in charge of the Sarah E. Lewis Junior club meeting Friday afternoon at Memorial hall. Mrs. Avery was assisted by Mrs. R. W. Tinkey and Mrs. C. V. Neff. The members were told to bring their tax stamps at the next meeting, Friday, March 11. This meeting will also be a covered-dish dinner for the members and their mothers.
